Powering 4000+ screens across the country. With end-to-end offerings—from projection and premium formats to immersive audio, LED, and cinema infrastructure along with advertising solutions, UFO connects brands with millions of moviegoers, delivering high-impact, large-scale cinema experiences.

OUR VISION

To be the leader in big screen entertainment by enhancing value for all stakeholders & bringing joy to people's lives, through innovation.

Letter to Shareholders

Dear Shareholders,

FY26 was a year of renewed confidence for the theatrical industry. Improved audience footfalls, a stronger slate of film releases and better advertiser participation created a favourable environment for growth. We remain focused on leveraging these opportunities while continuing to strengthen the foundations of our business for long-term growth.

The year once again reaffirmed the enduring appeal of cinema as a shared entertainment experience. A stronger content pipeline across languages, supported by films such as “Sitaare Zameen Par”, “Saiyaara”, “Kantara: Chapter 1”, “Border 2” and “Dhurandhar Part 1 and 2”, drew audiences back to theatres and gave a boost to advertiser’s confidence in the cinema medium. The continued rise of regional cinema has also expanded the industry’s reach, creating new opportunities for exhibitors, distributors and advertisers alike.

While the industry witnessed improving momentum, our focus remained firmly on improving the bottom line, by enhancing revenues, optimizing costs and driving operational excellence. We worked towards strengthening our advertising business, improving monetization across our network and expanding our technology-led digital cinema solutions. This disciplined approach, supported by improved theatrical performance and growing advertiser confidence, enabled us to deliver healthy growth in revenue and profitability.

A defining milestone of the year was our strategic alliance with Miraj Cinemas, which expanded our advertising network to over 4,000 screens, including the highest number of multiplex screens under the UFO network. At the same time, we continued to invest in technologies that we believe will shape the future of cinema. Our strategic partnerships in the field of Premium Large Screen Formats with HeyLED and CINITY reflect our commitment to bringing world-class cinema technologies to India and enhancing the theatrical experience through innovation while creating long-term value for our stakeholders.

Looking ahead, we remain optimistic about the future of our industry. A healthy content pipeline, increasing acceptance of regional cinema and growing demand for premium cinema experiences provide a strong platform for sustainable growth. We will continue to focus on innovation, disciplined execution and delivering long-term value to all our stakeholders.

On behalf of the Board, I sincerely thank our shareholders for their continued trust and confidence in UFO Moviez. I also extend my gratitude to our employees, exhibitors, advertisers, distribution partners, Bankers and all other business associates for their unwavering support. Together, we have built a resilient organization with a strong foundation for future growth, and I am confident that we are well-positioned to create sustainable value for all our stakeholders in the years ahead.

Warm Regards,

Sanjay Gaikwad

Notes:

1. The Ministry of Corporate Affairs, Government of India ('MCA') vide its General Circular Nos. 20/2020 and 03/2025 dated May 05, 2020 and September 22, 2025 respectively, and other circulars issued in this respect ('MCA Circulars') allowed, inter alia, conduct of Annual General Meeting ('AGM') through Video Conferencing/ Other Audio-Visual Means ('VC/ OAVM') without the physical presence of the Members at a common venue.

In compliance with the MCA Circulars, provisions of the Companies Act, 2013 ('Act') and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations'), the **22nd AGM** of the Company will be conducted through VC/ OAVM, on **Wednesday, August 19, 2026 at 03:00 p.m. IST**. The proceedings of the AGM shall be deemed to be conducted at the Registered Office of the Company.

2. The Explanatory Statement pursuant to Section 102 of the Act relating to special business to be transacted at the AGM is annexed hereto. The relevant details required under Regulation 36(3) of the Listing Regulations and Secretarial Standard - 2 ('SS-2') on General Meetings issued by the Institute of Company Secretaries of India in respect of the Directors seeking re-appointment at this AGM, are also annexed to this Notice.
3. Pursuant to the provisions of the Act, a member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a member of the Company. Since this AGM is being held pursuant to the MCA Circulars and provisions of the Listing Regulations through VC/OAVM, physical attendance of members has been dispensed with. Accordingly, the facility for appointment of proxies by the members will not be available for this AGM and hence the proxy form, attendance slip and route map of AGM are not annexed to this notice.
4. In line with the MCA Circulars and provisions of the Listing Regulations, the Notice of the AGM along with the Annual Report 2025-26 is being sent through electronic mode to those Members whose e-mail addresses are registered

with the Company/Depositories, unless the Member has specifically requested for a hard copy of the Annual Report. Further, in accordance with Regulation 36(1) (b) of the Listing Regulations a letter providing the web-link, including the exact path, where complete details of the Annual Report 2025-26 is available is being sent to those Members who have not so registered. The Notice convening the 22nd AGM and the Annual Report has been uploaded on the website of the Company at <https://www.ufomoviez.com/investor>. The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited and the National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively. The Notice is also disseminated on the website of National Securities Depository Limited ('NSDL') being the agency for providing the Remote e-Voting facility and e-voting system during the meeting i.e. www.evoting.nsdl.com.

5. The Members can join the AGM in the VC/OAVM mode 15 minutes before the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The detailed instructions for joining the Meeting through VC/OAVM and e-voting before or during the AGM, form part of the notes to this Notice.

The attendance of the Members attending the AGM through VC/OAVM using their login credentials will be counted for the purpose of reckoning the quorum under Section 103 of the Act.

6. The Register of Directors and Key Managerial Personnel and their shareholding, maintained under Section 170 of the Act and the Register of Contracts or Arrangements in which the Directors are interested, maintained under Section 189 of the Act, Certificate from the Secretarial Auditors of the Company certifying that the employee stock option scheme of the Company is being implemented in accordance with SEBI (Share Based Employee Benefits and Sweat Equity), Regulations, 2021 and any other relevant documents referred to in the Notice will be available electronically for inspection by the Members during the AGM. Members seeking to inspect such documents can send their requests to the Company at investors@ufomoviez.com by mentioning their name and Folio number/DP ID and Client ID.

7. In compliance with the provisions of Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014, the Board of Directors have appointed Mr. Vicky M. Kundaliya, Practicing Company Secretary (FCS: 7716 CP: 10989) as the Scrutinizer to scrutinize the e-voting process in a fair and transparent manner.

The results declared along with the consolidated Scrutinizer's Report shall be hosted on the website of the Company i.e. <https://www.ufomoviez.com/investor> and on the website of NSDL i.e. www.evoting.nsdl.com within two working days of the conclusion of the Meeting. The results shall simultaneously be communicated to BSE Limited and the National Stock Exchange of India Limited.

Corporate / Institutional shareholders (i.e. other than individuals, HUF, NRI etc.) are required to send scanned copy (PDF/JPG Format) of the relevant Board Resolution/ Authority letter etc. with attested specimen signature of the duly authorized signatory(ies) who are authorized to vote, to the Scrutinizer by e-mail to vickyscrutinizer@gmail.com with a copy marked to evoting@nsdl.com. Institutional shareholders (i.e. other than individuals, HUF, NRI etc.) can also upload their Board Resolution / Power of Attorney / Authority Letter etc. by clicking on "Upload Board Resolution / Authority Letter" displayed under "e-Voting" tab in their login.

8. SEBI vide its Master Circular No. SEBI/HO/MIRSD/POD-1/P/CIR/2024/37 dated May 07, 2024 issued to all registered RTAs, has mandated all Members holding shares in physical form to furnish their PAN, Nomination and KYC details (Contact Details, Bank Account Details & Specimen Signature) with companies. Subsequently, SEBI vide its Circular No. SEBI/HO/MIRSD/POD-1/P/CIR/2024/81 dated June 10, 2024, has relaxed the condition of furnishing or updating of 'Choice of Nomination' against the folio. Folios of members holding physical securities who have not yet furnished these details have been frozen. The securities in the frozen folios shall be eligible to receive payments (including dividend) and lodge grievances only after furnishing the complete documents. A communication is being sent by the Company to all the Members holding shares of the Company in physical form for furnishing their PAN, KYC and Nomination details. The Members holding securities in physical form who have not yet updated their details are requested to submit the said details in the prescribed forms to the Company's RTA, KFinTech at einward.ris@kfintech.com. The forms for updating the same are available at <https://ris.kfintech.com/clientservices/isc/isrforms.aspx>.

Members holding shares in electronic form are requested to submit any change in their KYC details to their depository participant(s).

9. In accordance with Regulation 40 of the Listing Regulations, as amended, the Company has stopped accepting any fresh transfer requests for securities held in physical form. Further, SEBI had vide its aforesaid Circular mandated listed companies to issue securities in demat form only while processing service requests viz. Issue of duplicate securities certificate, claim from Unclaimed Suspense Account, Renewal / Exchange of securities certificate, Endorsement, Sub division / Splitting of securities certificate, Consolidation of securities certificates / folios, Transmission and Transposition.

Accordingly, Members are requested to make service requests in prescribed Form ISR-4 or ISR-5 as the case may be. The said forms can be downloaded from the website of the Company's RTA, KFinTech at <https://ris.kfintech.com/clientservices/isc/isrforms.aspx>.

10. Nomination facility as per the provisions of Section 72 of the Act is available to individuals holding shares in the Company. Members can nominate a person in respect of all the shares held by him/her singly or jointly. Members holding shares in physical form and who have not yet registered their nomination are requested to register the same by submitting Form No. SH-13. If a member desires to opt out or cancel the earlier nomination and record a fresh nomination, he/ she may submit the same in Form ISR-3 or SH-14 as the case may be. The said forms can be downloaded from the website of the Company's RTA. Members holding shares in electronic form may approach their respective DPs for completing the nomination formalities.

11. Online Dispute Resolution (ODR) Portal was introduced by SEBI vide its Circular no. SEBI/HO/OIAE/OIAE_IAD-1/P/CIR/2023/131 dated July 31, 2023 (updated as on December 20, 2023), which is in addition to the existing SCORES 2.0 portal which can be utilized by the investors and the Company for resolution of disputes arising in the Indian Securities Market. Please note that the investors are advised to initiate dispute resolution through the ODR portal at <https://smartodr.in/login>, only if the Company does not resolve the issue itself or it is not resolved through SCORES 2.0 portal.

12. Pursuant to the provisions of Section 124 of the Act, Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ('IEPF Rules') read with the relevant circulars and amendments thereto, the amount of dividend remaining unpaid or unclaimed for a period of seven consecutive years from the due date is required to be transferred to the Investor Education and Protection Fund ('IEPF'), constituted by the Central Government. Further, all shares in respect of which dividend remains unpaid or unclaimed for seven consecutive years shall be transferred by the Company to the designated Demat Account of the IEPF Authority ('IEPF Account') within a period of thirty days of such shares becoming due to be transferred to the IEPF Account.

The Company had, accordingly transferred unpaid or unclaimed dividend amount of ₹ 3,27,450/- pertaining to Final Dividend for the Financial Year 2017 – 18 in September, 2025 to the IEPF. Further, 700 equity shares of ₹ 10/- each on which the dividend remained unpaid or unclaimed for seven consecutive years, were transferred to the IEPF Account in October, 2025.

The Company has been sending reminders to members having unpaid/ unclaimed dividends before transfer of such dividend(s) to IEPF. Details of the unpaid/ unclaimed dividend are also uploaded on the website of the Company <https://www.ufomoviez.com/investor>.

Pursuant to the SAKSHAM NIVESHAK – 100 days campaign launched by IEPF Authority, the Company has

sent letters/email communication to all the shareholders having unpaid/unclaimed dividend, urging them to update their KYC and bank details and to claim their dividend before it gets transferred to IEPF.

The Company requests the Members who have not encashed Dividend for the financial year 2018 - 19 or any subsequent dividend(s) declared by the Company, to make their claims to the Company's RTA, KFinTech.

ANNEXURE TO THE NOTICE

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

Item no. 4

The Members of the Company, at the 19th Annual General Meeting held on September 12, 2023 had approved the appointment of Mr. Sanjay Gaikwad as Managing Director of the Company, for a period of three consecutive years i.e. from October 17, 2023 to October 16, 2026.

The Board of Directors, on recommendation of the Nomination and Remuneration Committee, Audit and Risk Management Committee and subject to the approval of Members, had at its meeting held on May 21, 2026 re-appointed Mr. Sanjay Gaikwad as Managing Director of the Company, for a period of three consecutive years from the expiry of his present term of office i.e. w.e.f. October 17, 2026 till October 16, 2029 on the terms of remuneration set out herein below.

Mr. Sanjay Gaikwad has been the innovator and envisions of the Company. His contribution has been immense and his strategic and techno-commercial guidance is the bedrock upon which the plans and market offerings of the Company and its subsidiaries are developed. He has contributed significantly to key strategic initiatives of the Company.

The Cinema Industry continues to remain volatile. Under the leadership and guidance of Mr. Gaikwad, the Company has undertaken various measures and is constantly exploring avenues for increasing its revenues.

The Board of Directors are of the opinion that appointment of Mr. Sanjay Gaikwad as Managing Director of the Company will be in the best interest of the Company.

The details of remuneration proposed to be paid to Mr. Sanjay Gaikwad are as under:

Remuneration proposed:

1. Salary

₹ 1.65 crores p.a.

2. Perquisites / Allowances

Accommodation (furnished or otherwise) or house rent allowance in lieu thereof; special allowance, reimbursement of expenses or allowances for gas, electricity, water, furnishings, repairs, servant salary, medical reimbursement; leave travel concession; company's contribution to provident fund and such other perquisites and allowances as may be allowed under the Company's rules or schemes and any other allowances, perquisites, benefits and facilities as the Board of Directors may approve from time to time.

The above perquisites/allowances shall be valued as per Income-tax Rules, wherever applicable, and in the absence of any such rules, shall be valued at actual cost.

3. The total remuneration as per point (1) and (2) above shall be restricted to an amount of ₹ 4 crores p.a.

In addition to the perquisites and allowances listed out in point (2) above, the following facilities will also be provided or expenses reimbursed, which will not be included in the computation of ceiling mentioned at point (3) above:

- Contribution to Superannuation Fund, Annuity Fund and Gratuity as per rules of the Fund/Scheme in force from time to time to the extent these either singly or put together are not taxable under the Income-tax Act, 1961.
- Provision of medical and accident insurance; company maintained cars, reimbursement of driver's salary, fuel and vehicle maintenance expenses for the official use, membership fees of one club in India and mobile, telephone and internet facility at residence.

4. Annual Performance Incentive

Subject to the Nomination and Remuneration Committee's final determination based upon defined profitability and shareholders' value creation scheme parameters, Mr. Gaikwad will also be entitled for an annual performance incentive of ₹ 3 crores, ₹ 3.5 crores and ₹ 4 crores in respective years of his re-appointment.

Minimum remuneration:

In the event of absence of profits and/ or inadequacy of profits, in any financial year during the currency of tenure of Mr. Gaikwad, the payment of above remuneration by way of fixed pay, variable pay, annual performance incentive, perquisites, allowances and other benefits shall be made, notwithstanding such remuneration may exceed the limits prescribed under Section 197 read with Schedule V of the Companies Act, 2013 or under the provisions of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 or under any other law for the time being in force, if any.

The statement containing additional information as required under Schedule V to the Act, Regulation 36 of the Listing Regulations and SS-2 with reference to Special Resolution at Item No. 4 is annexed to the Notice.

The Company has received his consent, declaration to the effect that he is not disqualified under Section 164(2) of the Act for being appointed as Director and he is not restrained from holding position of director in any listed company by virtue of any order of SEBI or any such authority along with other disclosures.

Accordingly, the Board recommends passing of the Resolution at Item No. 4 of the Notice as a Special Resolution.

SHARE WARRANTS

As on March 31, 2026, there were no outstanding share warrants of the Company.

INTERNAL FINANCIAL CONTROLS

Your Company has laid out an Internal Controls Framework which is commensurate with the size, scale and complexity of its operations. This framework ensures the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information. Controls have been identified along with risks and mitigation processes covering major areas across all business functions. These Internal controls were reviewed by the Internal auditors.

Strengthening of controls is a continuous and evolving process in the Company. Based upon observations, findings and recommendations of the Internal Auditors, process owners develop preventive and corrective actions which are then deployed across the organization.

Based upon the framework of internal financial controls and compliance systems established and maintained by the Company, the work performed by the Internal, Statutory and Secretarial Auditors, and the reviews performed by the Management and the relevant Board Committees, including the Audit and Risk Management Committee, the Board is of the opinion that the Company's internal financial controls were adequate and operating effectively during the Financial Year 2025-26.

DIRECTORS' RESPONSIBILITY STATEMENT REQUIRED UNDER SECTION 134(3)(C) OF THE ACT

Pursuant to Section 134(3)(c) and 134(5) of the Act, the Board of Directors, to the best of their knowledge and ability, confirm that:

- (a) in the preparation of the annual accounts for the Financial Year ended March 31, 2026, the applicable accounting standards have been followed and there are no material departures from the same;
- (b) the directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the Financial Year ended March 31, 2026 and of the profit and loss of the Company for that year;
- (c) proper and sufficient care has been taken for the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- (d) the annual accounts have been prepared on a 'going concern' basis;
- (e) proper internal financial controls laid down by the Directors were followed by the Company and that such internal financial controls are adequate and operating effectively;

CONSERVATION OF ENERGY, RESEARCH AND DEVELOPMENT, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE EARNINGS AND OUTGO

[Particulars pursuant to the Companies (Accounts) Rules, 2014]

A. Conservation of Energy

The Company is in the business of providing digital cinema services and provides digital cinema equipment to the cinema theatres comprising of a sophisticated digital projector and industrial grade digital cinema server supported by a 3KVA UPS system. Typically, digital cinema equipment requires cooling sourced from a 0.75 or 1 ton air conditioner having a power consumption rating of 3KVA. The combined power consumption for a cinema theatre works out to approximately 6KVA which translates into 4.8 Kilo Watts of power consumption per hour. The Company's digital cinema equipment replace the conventional analogue projectors which typically operate at 8 to 10 KVA capacity, consuming approximately 6.4 to 8 Kilo Watts of power consumption per hour. Replacement of analogue projectors with digital projectors brings substantial savings in power consumption for the cinema theatres. Further, replacement of conventional analogue projectors with digital projectors also makes the environment clean by replacing the conventional polyester films used by analogue projectors for projection, with digital files used for projection by digital projectors.

B. Research and Development, Technology Absorption, Adaptation and Innovation

The Company provides digital cinema equipment to the cinema theatres, sourced from the equipment manufacturers/dealers and delivers the film content at the cinema theatres through a two-way VSAT setup across India. To reduce power consumption and time required for delivery of the film content, the Company has developed a low power Download Box which runs for longer periods on available battery back-up. This development has augmented the backup duration. As a process of continuous improvement in the digital cinema services, the Company evaluates and selects the right combination of hardware/software for effective digital cinema services. Adoption of right combination of hardware/software allows the Company to deliver film content with greater speed while maintaining quality and also reduces the file size, which consequently increases the no. of times the film content can be delivered.

The Company is also working on improvements in various other areas of digital cinema services like audio, network operating centre for cinema theatre management and theatre-end servers.

C. Foreign Exchange Earnings and Outgo

During the year, the foreign exchange earnings is ₹ 146.41 lacs and the foreign exchange outflow is ₹ 1,865.86 lacs.

In case of the Managerial Personnel, the increase in remuneration of the Managing Director is on account of payment of Performance Incentive for FY25 during the year under review. With respect to the Executive Director, the increase in remuneration is on account of payment of Performance Incentive for FY25 during the year under review and revision in terms of remuneration on re-appointment. Accordingly, as compared to the previous year, there was an average percentage increase in the fixed managerial remuneration of ~14.75% and including the variable remuneration there was an increase of ~28.68%.

E. Affirmation:

The Company affirms that the remuneration is as per the remuneration policy of the Company.

MANAGEMENT DISCUSSION AND ANALYSIS

Presented below is an analysis of the performance of the Company for the Financial Year ended March 31, 2026 and the outlook for the Financial Year 2026-27. UFO Moviez India Limited and its subsidiaries have been collectively referred to as “UFO or Company”.

I. Overview of the Indian Economy

The global economy remained resilient during the year despite a complex macroeconomic and geopolitical environment. Global growth is projected at approximately 3.3% in 2026, supported by continued investments in technology and relatively accommodative financial conditions. However, uncertainties arising from geopolitical conflicts, trade policy developments and volatility in global financial markets continue to pose risks to the overall economic outlook.

Ongoing geopolitical tensions in West Asia remain an area of concern, particularly due to the risk of higher crude oil prices and possible disruptions in energy supply routes such as the Strait of Hormuz. Given India's dependence on crude oil imports, any sustained increase in energy prices could impact inflation, consumption trends and overall economic activity. Recent announcements and advisories by the Government towards prudent fuel usage, moderation in discretionary spending and conservation of foreign exchange may temporarily influence consumer spending patterns and discretionary consumption across sectors.

Despite these global challenges, India continued to remain one of the fastest-growing major economies globally, supported by strong domestic consumption, infrastructure spending and a resilient services sector. India's favourable demographics, rising urbanization and expanding middle class continue to support long-term consumption growth, creating a positive environment for consumer-driven sectors such as media and entertainment.

II. Overview of the Indian Film Entertainment Industry

The Indian film entertainment industry demonstrated resilience during the year despite evolving consumer preferences and increasing competition from digital platforms. The filmed entertainment segment reached around ₹ 205 billion during 2025, supported by improving theatrical monetization and a steady content pipeline across languages.

The industry witnessed release of more than 1,900 films during the year across Hindi, Tamil, Telugu, Malayalam, Kannada, Marathi, Bhojpuri and other regional languages, reflecting the scale and diversity of India's content ecosystem. Theatrical performance continued to remain largely content-driven, with a limited number of high-

performing films contributing significantly to overall box office revenues.

Regional cinema continued to gain prominence during the year, with films increasingly transcending linguistic boundaries and achieving wider acceptance across markets. Pan-India releases, dubbed content and multi-language releases continued to expand audience reach and strengthen theatrical consumption across regions.

The year also witnessed increasing preference for event-driven cinematic experiences, premium formats and large-scale productions, which continued to support theatrical footfalls. While digital platforms continued to influence content consumption patterns, theatrical exhibition remained an integral component of the entertainment value chain, particularly for large-format and immersive cinematic experiences.

For UFO, the continued growth in regional cinema and increasing volume of film releases across languages continued to support demand across the Company's digital cinema services and advertising businesses. The Company's extensive Pan-India network continued to enable wider reach for films across markets and supported exhibitors and distributors in maximizing audience accessibility.

III. Overview of the Indian Advertisement Industry

India's advertising industry witnessed strong double-digit growth in 2025, expanding by approximately 13.5% to reach ₹ 1.5 trillion, reflecting increasing investments by corporates as well as small and medium enterprises. The growth was largely driven by the continued shift towards digital platforms, improved measurement capabilities, and the rising importance of performance-led marketing strategies.

Digital advertising remained the dominant segment, accounting for approximately 63% of total advertising revenues, driven by e-commerce, social media, and programmatic advertising. At the same time, traditional media continues to play a complementary role, particularly in delivering high-impact and mass-reach campaigns.

Cinema advertising, in particular, is emerging as an effective medium within the advertising mix, benefiting from improving theatrical footfalls and increased consumption of regional content. Its ability to deliver a captive and engaged audience, along with growing relevance in Tier II and Tier III markets, positions it as a strong platform for targeted and high-recall brand communication.

IV. Opportunities and Initiatives

Expansion of Advertising Network

The Company continued to strengthen its market position through strategic partnerships and network expansion

initiatives during the year. Expansion of the advertising network across multiplex and regional screens enhanced the Company's ability to deliver wider audience reach and premium advertising inventory to advertisers.

During FY 2025–26, the Company entered into a strategic alliance with Miraj Cinemas, India's third-largest cinema exhibition chain, for exclusive advertising rights across 239 screens across 49 cities and 72 locations to the Company's advertising network. With this addition, the Company's advertising network expanded to over 4,000 screens, including more than 2,500 multiplex screens, further strengthening its position as India's largest multiplex on-screen advertising network with the highest number of multiplex screens under the UFO network.

India continues to remain under-screened compared to global benchmarks, particularly across Tier II and Tier III markets, with a large section of the population still lacking any access to cinema entertainment. This continues to present long-term growth opportunities for the theatrical exhibition ecosystem. The Company continues to focus on strengthening its presence across these markets through its extensive digital cinema network and exhibition relationships.

Advertisement Inventory Utilization

UFO's in-cinema advertising business has substantial headroom/opportunity for growth since the average inventory utilization of UFO is at ~ 4.14 minutes/screen/show in FY26 as against average availability of around 20 minutes. The Company continued to focus on improving utilization of its advertisement inventory during the year by expanding its advertiser base and increasing presence across markets.

Growing participation from SMEs, retail advertisers and regional brands helped diversify advertising revenues. The Company also continued to focus on improving utilization across premium multiplex inventory and strengthening retail and hyperlocal advertising initiatives. Cinema advertising continued to remain an effective advertising medium due to its high level of audience engagement and strong brand recall.

Technology and Innovation

Technology and innovation continued to remain an important focus area for the Company. During the year, the Company, through its wholly owned subsidiary, entered into a strategic partnership with HeyLED for deployment of advanced HDR-enabled direct view LED cinema screen solutions across India, the Middle East and SAARC regions. The Company also entered into an exclusive tie-up with China Film Group promoted "CINITY", a Hollywood-approved Premium Large Screen Format (PLF), for the Indian market.

The initiative reflects the Company's focus on premium cinema formats and technology-led theatrical experiences. The Company continued to leverage its technology infrastructure to provide efficient digital cinema services and improve operational efficiencies across its business segments.

Operating Performance

In-Cinema Advertising Business

UFO is a leading provider of in-cinema advertising with advertising rights across 4,049 screens as on March 31, 2026, comprising 1,452 single screens and 2,597 multiplex screens, with presence across 1,370 cities and towns in India. The Company's high-impact advertising platform provides advertisers with an opportunity to connect with captive audiences across both premium and mass market segments.

The Company's in-cinema advertising business remained closely linked to theatrical performance and audience footfalls during the year. Strategic partnerships, network expansion initiatives and addition of premium multiplex inventory strengthened the Company's ability to deliver enhanced audience reach and diversified engagement opportunities to advertisers.

In addition to being a high-impact advertising medium, UFO's in-cinema advertising platform offers several advantages to advertisers, including:

- Targeted advertising capabilities enabling reach across desired demographics and geographies
- High levels of transparency through data logs of advertisements played across screens
- Remote scheduling capabilities allowing last-minute campaign scheduling and content changes
- Technology-enabled multi-language support and subtitling capabilities

These capabilities continue to make UFO's in-cinema advertising platform an effective and scalable advertising medium across markets.

In FY26, UFO generated advertisement revenue of ₹13,156.42 Lacs as compared to ₹11,515.13 Lacs in the previous year, reflecting improved advertiser sentiment and better theatrical engagement during the year. Corporate advertisement revenue, including PSUs, stood at ₹10,936.13 Lacs in FY26 as against ₹8,555.81 Lacs in FY25, supported by increased participation from corporates, retail advertisers and regional brands. Government advertisement revenue stood at ₹1,918.17 Lacs in FY26 compared to ₹2,642.29 Lacs in the previous year, primarily impacted by lower spending from the central government.

The in-cinema advertising business witnessed improved performance during FY26, supported by better theatrical

footfalls, stronger regional content performance and improved advertiser sentiment. A healthy pipeline of films across Hindi and regional languages, including successful large-scale releases, supported higher advertiser engagement during the year. The addition of new screens enhanced the Company's ability to provide wider audience reach and diversified advertising opportunities to brands across premium as well as mass market segments.

The Company also continued to focus on improving operational efficiencies, strengthening advertiser relationships and enhancing monetization across its advertising network. With improving industry sentiment, growing acceptance of cinema advertising and a stronger content pipeline, the Company remains optimistic about the long-term growth prospects of the in-cinema advertising business.

Theatrical Business

The theatrical business in FY26 witnessed improved momentum across quarters, supported by a stronger content pipeline and increasing audience engagement across languages and genres. The first quarter saw encouraging performance from films such as "Raid 2", "Housefull 5", "Sitaare Zameen Par", "Jaat", "Kesari Chapter 2" and regional releases including "Hari Hara Veera Mallu", while films like "Retro" received mixed responses at the box office. The quarter also benefited from continued traction in regional cinema, particularly across Telugu and Tamil markets.

The second quarter witnessed healthy theatrical activity led by releases such as "War 2", "Coolie", "The Raja Saab" and "Kantara Chapter 1", which generated strong audience interest across markets. Mid-budget and content-driven

films across Hindi and regional languages also contributed towards overall theatrical footfalls, reflecting continued audience preference for diverse content across genres.

The second half of FY26 continued to showcase the strength and diversity of the Indian theatrical industry. The third quarter featured releases such as "Dhurandhar", "Ikkis", "De De Pyaar De 2", "Tu Meri Main Tera" and "Tere Ishq Mein", along with multiple regional releases that supported consistent theatrical performance across markets. The quarter also witnessed improved contribution from dubbed and multi-language releases, further strengthening pan-India theatrical consumption.

The fourth quarter witnessed strong audience engagement supported by a healthy release calendar across Hindi and regional cinema. Major releases during the quarter included "Border 2", "Mardaani 3", "The Kerala Story 2", "O Romeo" and "Dhurandhar: The Revenge". The consistent flow of content across languages, combined with increasing preference for theatrical experiences, supported stable box office performance during the year and reflected the continued resilience of the Indian film exhibition industry.

For the current financial year, the company's theatrical revenue, Content Delivery Charges (CDC), amounts to ₹ 8,833.49 Lacs, compared to ₹ 8,371.14 Lacs in FY25.

Overall, FY26 witnessed improved momentum in the theatrical business, supported by a stronger content pipeline, increasing acceptance of regional and multi-language films, and steady audience engagement across genres. Strong performance of key releases during the year contributed positively towards cinema footfalls, advertiser sentiment and overall industry growth, reaffirming the positive outlook for the theatrical exhibition industry.

VI. Outlook

The outlook for the Indian theatrical industry remains positive, supported by a healthy content pipeline across Hindi and regional cinema, growing preference for theatrical experiences and increasing penetration of multiplex screens across emerging markets. Continued expansion across Tier II and Tier III cities, coupled with rising discretionary spending, is expected to support long-term industry growth.

India's Media & Entertainment industry is expected to continue its growth momentum over the next few years, supported by increasing advertising spends, rising digital adoption and growing consumption of premium and experience-led entertainment. Increasing participation from SMEs and regional advertisers is also expected to support long-term growth in the cinema advertising segment.

With its extensive cinema network, technology-led infrastructure and strong relationships across exhibitors, advertisers and distributors, UFO remains well-positioned to benefit from improving industry trends and growth opportunities across the theatrical and advertising ecosystem.

The Company also continues to focus on strengthening its technology and exhibition initiatives through strategic partnerships and expansion of premium cinema formats. These initiatives, along with operational efficiencies and diversified revenue streams, are expected to support sustainable growth and long-term value creation for the Company.

VII. Threats / Risks and Concerns

The Company's performance continues to remain linked to overall macro-economic conditions, theatrical footfalls and advertising market trends. Any slowdown in economic activity, lower discretionary spending, geopolitical uncertainties, natural disasters, pandemics or other unforeseen events may adversely impact the Company's business and operating performance. The in-cinema advertising business remains dependent on advertiser spending patterns, availability of strong film content and overall audience engagement across theatres. Increased competition from television, print, digital platforms, OTT media services and other advertising mediums may impact advertising growth and inventory utilization. The theatrical exhibition industry continues to witness evolving consumer preferences and changing content consumption

patterns. Shorter theatrical release windows, early release of films on OTT platforms and increasing digital content consumption could impact cinema footfalls and advertiser interest. Box office performance may also be affected by quality of film content, marketing effectiveness and overall audience sentiment towards theatrical viewing.

The Company continues to closely monitor industry developments and undertakes appropriate business and operational measures to mitigate risks and strengthen long-term sustainability.

VIII. Risk Management

Similar to any other business, UFO is exposed to various risks that may impact its operating performance, cash flows and financial results. The Company's performance remains closely linked to theatrical footfalls, quality and consistency of film content, advertiser spending patterns and overall consumer sentiment.

Geopolitical conflicts, particularly in West Asia and other global regions, may lead to volatility in crude oil prices, inflationary pressures, supply chain disruptions and moderation in consumer spending. Further, fluctuations in foreign exchange rates, including depreciation of the Indian Rupee against the US Dollar, may impact costs relating to technology, equipment procurement and other imported services.

The Company has established a robust risk management framework focused on identification, assessment and monitoring of key business risks. While certain external factors remain beyond the Company's control, the risk management processes are regularly reviewed and strengthened to address evolving business conditions and emerging risks.

Overall, UFO continues to focus on improving processes, reducing operational risks, enhancing service quality and strengthening overall business performance.

IX. Internal Controls

The Company has in place adequate controls, procedures and policies that ensure orderly and efficient conduct of its business, including adherence to its policies, safeguarding of its assets, prevention and detection of fraud and errors, accuracy and completeness of accounting records, and timely preparation of reliable financial information. Our internal control system is commensurate with the size, scale, and complexity of its operations. During the year, such controls were assessed and no reportable material weakness in the design or operations were observed.

UFO has engaged an independent firm of Chartered Accountants as its Internal Auditor. The scope of Internal Audit includes a review of the efficacy of business processes and a review of the procedures and policies in place as designed by the management across all functional areas and assessing the internal controls in all areas. Also,

the Internal Audit findings are discussed with the process owners and corrective action is taken as necessary.

The Audit and Risk Management Committee reviews reports submitted by internal and statutory auditors and meets the auditors to ascertain, their views on the adequacy of the internal control system and apprises the Board of Directors from time to time.

Based on the recommendation of the Audit and Risk Management Committee, the Board of Directors have concluded that as of March 31, 2026, its internal financial controls were adequate and operating effectively. INDEPENDENT AUDITORS' REPORT

To the Members of UFO Moviez India Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of UFO Moviez India Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group") and its associates, which comprise the consolidated balance sheet as at 31 March 2026, and the consolidated statement of profit and loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditors on separate financial statements of such subsidiaries and an associate as were audited by the other auditors, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its associates as at 31 March 2026, of its consolidated profit and other comprehensive income, consolidated changes in equity and consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group and its associates in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence obtained by us along with the consideration of reports of the other auditors referred to in paragraph (a) of the "Other Matters" section below, is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment and based on the consideration of reports of other auditors on separate financial statements of components audited by them, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Revenue recognition	
See Note 21 to consolidated financial statements	
The key audit matter	How the matter was addressed in our audit
The Group has recognized advertisement revenue, content delivery charges (CDC), lease rental income, distribution income, digitisation income, registration fee income and sale of products of ₹ 46,073.73 lakhs for the year ended 31 March 2026. We identified these revenue streams as a key audit matter considering - - The Group recognizes revenue primarily from Advertisements, CDC revenue, lease rental income, distribution income, digitisation income, registration fees and sale of products. - The Group uses its automated front-end system for scheduling, tracking and invoicing advertisement and CDC revenues. The revenue from these streams is recognised based on automated playback logs retrieval and rates in the system. Further, processing of advertisement and content with their scheduling are linked to the financial module. Thus, recognition of these revenues is largely dependent on the front-end system and may be susceptible to override of controls. - There is a risk of revenue being recognized for goods / services before the goods / services are delivered to the customer or revenue is not recorded in the correct accounting period. - There is presumption of fraud risk with regard to revenue recognition as per the Standards on Auditing. - Also, revenue is one of the key performance indicators of the Group which makes it susceptible to misstatement.	In relation to recognition of revenue from advertisement revenue, content delivery charges (CDC), lease rental income, distribution income, digitisation income, registration fee income and sale of products, we have: - Assessed the Company's accounting policies relating to revenue recognition by comparing them to applicable accounting standard; - Assessed the appropriateness of revenue recognised based on the agreement with the customer alongwith relevant supporting documents and timing of revenue recognised during the year; - Assessed the design, implementation and operating effectiveness of Company's key internal controls over revenue recognition; - Involved our internal IT specialists, assessed the design, implementation and operating effectiveness of Company's key internal IT controls over the scheduling and billing; - Tested the financial information contained within the module and billing systems, which included system generated reports, recording of revenue, and accrual of revenue at period end; - Detailed testing of samples selected statistically for sales transactions from origination through to the general ledger to ascertain revenue recognised was complete and was recorded in the correct period and at correct value; - On samples selected statistically, we: - gathered understanding of the process by which revenue is determined by the relevant billing system - verified underlying records such as agreement, sales contracts, release orders, invoices, logs for advertisements and content displayed - verified the underlying documents for the existence of the customers

Other Information

The Holding Company's Management and Board of Directors are responsible for the other information. The other information comprises the board of director's report, but does not include the financial statements and auditor's reports thereon, which we obtained prior to the date of this auditor's report, and the annual report, which is expected to be made available to us after that date.

Our opinion on the consolidated financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed and based on the audit reports of other auditors on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the relevant laws and regulations.

Management's and Board of Directors Responsibilities for the Consolidated Financial Statements

The Holding Company's Management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit/ loss and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group including its associates in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective Management and Board of Directors of the companies included in the Group and of its associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Board of Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group and of its associates are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates are responsible for overseeing the financial reporting process of each company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of a audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial statements of such entities or business activities within the Group and its associates to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in paragraph (a) of the section titled "Other Matters" in this audit report.

We communicate with those charged with governance of the Holding Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- a. We did not audit the financial statements of four (4) subsidiaries, whose financial statements reflects total assets (before consolidation adjustments) of ₹ 11,500.72 lakhs as at 31 March 2026, total revenues (before consolidation adjustments) of ₹10,460.52 lakhs and net cash outflows (before consolidation adjustments) amounting to ₹205.68 lakhs for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net profit (and other comprehensive income) of ₹196.40 lakhs for the year ended 31 March 2026, in respect of two (2) associate, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and associate, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries and associate is based solely on the reports of the other auditors.
- b. Certain of these subsidiaries and associates are located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditor under generally accepted auditing standards applicable in their respective countries. The Group's management has converted the financial statements of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Group's management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries located outside India is based on the reports of other auditor and the conversion adjustments prepared by the management of the Group and audited by us.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

- c. The financial information of three (3) subsidiaries, whose financial information reflects total assets (before consolidation adjustments) of ₹264.68 lakhs as at 31 March 2026, total revenues (before consolidation adjustments) of ₹Nil and net cash outflows (before consolidation adjustments) amounting to ₹8.25 lakhs for the year ended on that date, as considered in the consolidated financial statements, have not been audited either by us or by other auditors. The consolidated financial statements also include the Group's share of net profit/loss (and other comprehensive income) of ₹6.18 lakhs for the year ended 31 March 2026, as considered in the consolidated financial statements, in respect of three (3) associates, whose financial information have not been audited by us or by other auditors. This unaudited financial information has been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and associates, and our report in terms of sub-section (3) of Section 143 of the Act in so far as it relates to the aforesaid subsidiaries and associates, is based solely on such unaudited financial information. In our opinion and according to the information and explanations given to us by the Management, this financial information is not material to the Group.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of this matter with respect to the financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. A. As required by Section 143(3) of the Act, based on our audit and on the consideration of report of other auditors we report, to the extent applicable, that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors except for the matters stated in the paragraph 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
 - c. The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d. In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e. On the basis of the written representations received from the directors of the Holding Company as on 01 April 2026 and 09 April 2026 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on 31 March 2026 from being appointed as a director in terms of Section 164(2) of the Act.
 - f. the modification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2A(b) above on reporting under Section 143(3)(b) of the Act and paragraph 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
 - g. With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company and its subsidiary companies incorporated in India and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements of the subsidiary companies, as noted in the "Other Matters" paragraph:
 - a. The consolidated financial statements disclose the impact of pending litigations as at 31 March 2026 on the consolidated financial position of the Group. Refer Note 35 to the consolidated financial statements.
 - b. The Group did not have any material foreseeable losses on long-term contracts including derivative contracts during the year ended 31 March 2026.
 - c. There has been no delay in transferring amounts to the Investor Education and Protection Fund by the Holding Company during the year ended 31 March 2026.
 - d. (i) The respective management of the Holding Company and its subsidiary companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiary companies respectively that, to the best of their knowledge and belief, as disclosed in the Note 45 (ix) to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiary companies to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or any of such subsidiary companies ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (ii) The respective management of the Holding Company and its subsidiary companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiary companies respectively that, to the best of their knowledge and belief, as disclosed in the Note 45 (x) to the consolidated financial statements, no funds have been received by the Holding Company or any of such subsidiary companies from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or any of such subsidiary companies shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditors of the subsidiary companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or the other auditors notice that has caused us or the other auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.
- e. The Holding Company and its subsidiary companies incorporated in India have neither declared nor paid any dividend during the year.
- f. Based on our examination which included test checks and that performed by the respective auditors of two subsidiary companies incorporated in India whose financial statements have been audited under the Act except for the instance mentioned below, the Holding Company and subsidiary companies have used accounting softwares for maintaining their books of account, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective softwares.
 - ◆ In respect of Holding Company, in case of an accounting software used for recording distribution revenue did not have a feature of recording audit trail (edit log) facility at the database level and the same did not operate throughout the year for all relevant transactions recorded in the said software.

Further, during the course of our audit, where audit trail (edit log) was enabled and operated for the respective accounting softwares, we and respective auditors of such subsidiary companies did not come across any instance of audit trail feature being tampered with. Additionally, where the audit trail (edit log) facility was enabled and operated in the previous years, the audit trail has been preserved by the Holding Company and above referred subsidiary companies as per the statutory requirements for record retention.

- C. In our opinion and according to the information and explanation given to us, the remuneration paid to any director by the Holding Company is as per limit laid down under Section 197 read with Schedule V of the Act and as approved by the shareholders through special resolution. Based on the reports of the statutory auditors of such subsidiary companies incorporated in India which were not audited by us, no remuneration has been paid by these companies to its directors during the current year. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure B to the Independent Auditor's Report on the consolidated financial statements of UFO Moviez India Limited for the year ended 31 March 2026

Report on the internal financial controls with reference to the aforesaid consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(h) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

In conjunction with our audit of the consolidated financial statements of UFO Moviez India Limited (hereinafter referred to as "the Holding Company") as of and for the year ended 31 March 2026, we have audited the internal financial controls with reference to financial statements of the Holding Company and such companies incorporated in India under the Act which are its subsidiary companies, as of that date.

In our opinion and based on the consideration of reports of the other auditors on internal financial controls with reference to financial statements of subsidiary companies, as were audited by the other auditors, the Holding Company and such companies incorporated in India which are its subsidiary companies, have, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2026, based on the internal financial controls with reference to financial statements criteria established by such Companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The respective Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the respective company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the relevant subsidiary companies in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of

the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements insofar as it relates to two (2) subsidiary companies, which are companies incorporated in India, is based on the corresponding reports of the auditor of such companies incorporated in India.

The internal financial controls with reference to financial information insofar as it relates to two (2) associate company, which are companies incorporated in India and included in these consolidated financial statements, have not been audited either by us or by other auditor. In our opinion and according to the information and explanations given to us by the Management, such unaudited associate company is not material to the Holding Company.

Our opinion is not modified in respect of abovematters.

Notes to consolidated financial statements as at and for the year ended March 31, 2026**1. Corporate Information**

UFO Moviez India Limited ('the Company') is a public company domiciled in India and incorporated under the provisions of the Companies Act applicable in India on 14 June 2004. The registered office is located at Valuable Techno Park, Plot No. 53/1, Road No.7, MIDC, Marol, Andheri (East), Mumbai - 400093. The equity shares of the Company are listed on the Bombay Stock exchange (BSE), India and the National stock Exchange (NSE), India. The Company is into the business of providing digital cinema services.

The consolidated financial statements ('CFS') were authorized for issue in accordance with a resolution of the directors on May 21, 2026.

2. Material accounting policies**2.1 Statement of Compliance:**

These CFS are prepared in accordance with Indian Accounting Standards (hereinafter referred to as the 'Ind AS') notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) (Amendment) Rules, 2016, notified under Section 133 of the Companies Act, 2013, the relevant provisions of the Companies Act, 2013 ("the Act") and guidelines issued by the Securities and Exchange Board of India ("SEBI"), as applicable.

2.2 Basis of Preparation:

These CFS are prepared on historical cost basis, except for certain financial instruments which are measured at fair value at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Current and non-current

The Group classifies an asset as current asset when:

- it expects to realise the asset, or intends to sell or consume it, in its normal operating cycle;
- it holds the asset primarily for the purpose of trading;
- it expects to realise the asset within twelve months after the reporting period; or
- the asset is cash or a cash equivalent unless the asset is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when –

- it expects to realise the asset, or intends to sell or consume it, in its normal operating cycle;
 - it holds the liability primarily for the purpose of trading;
 - the liability is due to be settled within twelve months after the reporting period; or
 - it does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting period.
- Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. The Group's normal operating cycle is twelve months.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

Notes to consolidated financial statements as at and for the year ended March 31, 2026

2.2 Basis of Preparation (Continued)

Basis of measurement

Items Basis	Measurement
Debt and equity securities at FVOCI	Fair Value
Contingent consideration assumed in a business combination	Fair Value
Net defined benefit (asset)/ liability	Fair Value of plan assets less the present value of the defined benefit obligation, limited as explained in note no.29
Non derivative financial instruments at FVTPL	Fair Value

2.3 Functional and Presentational Currency:

The CFS are presented in Indian Rupees (INR) and all values are rounded off to nearest lacs, except otherwise indicated.

2.4 Basis of Consolidation:

The CFS comprises the Financial Statements of the Company and its Subsidiaries (hereinafter referred together as “the Group”) and Associates.

(i) Subsidiaries:

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of Subsidiaries are included in the CFS from the date on which control commences until the date on which control ceases.

CFS are prepared using uniform accounting policies for like transactions and other events in similar transactions. The financial statements of the Company and its subsidiary companies are combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after eliminating intra-group balances and intra-group transactions and resulting unrealised profits or losses on intragroup transactions.

The difference between the costs of investment in the subsidiaries and the Company's share in the fair value of the net assets at the time of acquisition of shares in the subsidiaries is recognised in the CFS as Goodwill or Capital Reserve, as the case may be.

(ii) Loss of Control:

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

When the Group loses control over a subsidiary, it derecognises the assets and liabilities of the Subsidiary, and any related NCI and other components of equity. Any interest retained in the former subsidiary is measured at fair value at the date the control is lost. Any resulting gain or loss is recognised in the Statement of Profit and Loss.

(iii) Investment in Associates:

An associate is an entity in which the Group has significant influence, but not control or joint control, over the financial and operating policies.

Interest in Associates is accounted for using equity method. It is initially recognized at cost, which includes transaction costs. Subsequent to initial recognition, CFS include the Group's share of profit or loss and OCI of associates until the date on which significant influence ceases.

(iv) The CFS includes five subsidiaries (including step down subsidiaries), incorporated outside India, whose Financial Statements have been restated in Indian Rupees. In translating the Financial Statements of such Companies for incorporation in the CFS, the assets and liabilities, both monetary and non-monetary, are translated at closing exchange rate, all Income and Expenses are translated at exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction, and resulting exchange differences are accumulated in Foreign Currency Translation Reserve.

Notes to consolidated financial statements as at and for the year ended March 31, 2026
2.4 Basis of Consolidation (Continued)

- (v) The excess of cost to the Group of its investment in subsidiaries, on the acquisition dates over and above the Group's share of equity in the subsidiaries, is recognised as 'Goodwill being an asset in the CFS. The said Goodwill is not amortised, however, it is tested for impairment at each Balance Sheet date and the impairment loss, if any, is provided for. On the other hand, where there is further acquisition from Non-controlling interest of a subsidiary and cost of investments of the Group is in excess of share of equity in subsidiaries as on the date of investment, it is recognised as 'Other Reserve (on purchase of Non-controlling interest stake)' and shown under the head 'Other Equity' in the CFS.

The CFS are comprised of the Financial Statements of the following subsidiaries (including step down subsidiaries) which are as under:

Notes to consolidated financial statements as at and for the year ended March 31, 2026

2.5 Use of Judgements, Estimates and Assumptions:

The preparation of CFS, in conformity with the Ind AS, requires judgements, estimates and assumptions to be made, that affect the reported amounts of assets and liabilities on the date of the CFS, the reported amounts of revenues and expenses during the reporting period and the disclosures relating to contingent liabilities as of the date of the CFS. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in outcomes different from the estimates. Difference between actual results and estimates are recognized in the period in which the results are known or materialise. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognised prospectively in the current and future periods.

(i) Judgements:

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognized in the financial statements is included in the following notes.

- **Investments**

Investment accounted for using equity method: whether the Group has significant influence over the investee.

- **Leases**

The Group evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgement. The Group uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Group determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Group is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Group is reasonably certain not to exercise that option. In assessing whether the Group is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Group to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Group revises the lease term if there is a change in the non-cancellable period of a lease

- **Recognition of deferred tax assets**

Deferred tax assets are recognised to the extent that it is reasonable that future taxable profit will be available, against which the losses can be utilized. In assessing the probability, the Group considers whether the entity has sufficient taxable temporary differences, which will result in taxable amounts against which the unused tax losses or unused tax credits can be utilized before they expire. Significant estimate is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

(ii) Estimates and Assumptions:

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of asset and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the CFS were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

- **Useful Lives of Property, Plant and Equipment:**

The Group uses its technical expertise along with historical and industry trends for determining the economic life of an asset/component of an asset. The useful lives are reviewed by the management periodically and revised, if appropriate. In case of a revision, the unamortised depreciable amount is charged over the remaining useful life of the assets.

- **Defined Benefit Obligation:**

The cost of the defined benefit gratuity plan and compensated absences and the present value of their obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary

Notes to consolidated financial statements as at and for the year ended March 31, 2026

2.5 Use of Judgements, Estimates and Assumptions:(Continued)

increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

- **Recognition and Measurement of Provisions and Contingencies:**

The Group estimates the provision that have present obligation as a result of past events and it is probable that outflow of resources will be required to settle obligation.

The Group recognises contingent liability based on estimated possible obligation that arises from past events whose existence is confirmed on occurrence or non-occurrence of events.

- **Fair Value Measurement of Financial Instruments:**

When the fair value of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair values are measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable market where possible, but where this is not feasible, factors such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Measurement of ECL allowance for trade and finance receivables, loans and contract assets: key assumptions in determining the weighted-average loss rate.

- **Share based payments arrangements** refer note 30

- **Leases:** The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

- **Impairment of goodwill and other intangibles assets** refer note 2.6 (c)

2.6 Summary of material accounting policies:

(a) Property, Plant and Equipment (PPE):

PPE are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost of an item of property, plant and equipment shall be recognised as an asset if, and only if it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. Borrowing costs relating to acquisition of PPE which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use. When significant parts of PPE are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives.

The cost of property, plant and equipment at 1 April 2016, the Group's date of transition to Ind AS, was determined with reference to its carrying value recognised as per the previous GAAP (deemed cost), as at the date of transition to Ind AS

Items of stores and spares that meet the definition of PPE are capitalized at cost and depreciated over their useful life. Otherwise, such items are classified as inventories.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance costs are charged to the Statement of Profit and Loss during the period in which they are incurred

Property, plant and equipment which are not ready for intend use as on the Balance Sheet are disclosed as "Capital work in progress" and are stated at cost.

Gains or losses arising from derecognition of a PPE are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of profit and loss when the asset is derecognized.

(b) Depreciation on PPE:

Depreciation is the systematic allocation of the depreciable amount of an asset over its useful life and is provided on a straight-line basis over the useful lives as prescribed in Schedule II of the Companies Act, 2013, or as estimated by the management. The identified components are depreciated over their useful lives; the remaining asset is depreciated over the life of the principal asset. When significant parts of PPE are required to be replaced at intervals, the Group

Notes to consolidated financial statements as at and for the year ended March 31, 2026

2.6 Summary of material accounting policies: (Continued)

depreciates them separately based on their specific useful lives. Depreciation on additions/(disposals) is provided on a pro-rata basis i.e. from/ (upto) the date on which asset is ready for use/ (disposed off)

The useful life of PPE is the period over which PPE is expected to be available for use by the Group.

The Group has used the following useful lives to provide depreciation on its property, plant and equipment:

Assets	Useful lives (years)	Useful lives (years) as per the schedule ii of the Companies Act, 2013
Exhibition Equipment	7 – 10	13
Plant and Machinery	4 – 7	13
Computer	3	3
Furniture and Fixtures	6	10
Office Equipment	5-6	5
Vehicles	3-5	8

Except computer, useful life of above property, plant and equipments are different from those prescribed under schedule II. These rates are based on evaluation of useful life by internal technical expert.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Leasehold improvements are amortised on a straight-line basis over the period of lease or over a period of 4 years, whichever is lower.

(c) Goodwill, Intangible assets and amortisation:

(i) Goodwill

Goodwill represents the cost of acquired business as established at the date of acquisition of the business in excess of the acquirer's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities less accumulated impairment losses, if any.

Goodwill is not amortized but is tested for impairment annually or when events or circumstances indicate that the implied fair value of goodwill is less than its carrying amount.

CGUs to which goodwill has been allocated are tested for impairment annually, or more frequently when there is indication for impairment. If the recoverable amount of a CGU is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit on a pro-rata basis of the carrying amount of each asset in the unit.

(ii) Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Intangible assets acquired in a business combination are recognised at fair value at the acquisition date.

The cost of Intangible assets at 1 April 2016, the Group's date of transition to Ind AS, was determined with\ reference to its carrying value recognised as per the previous GAAP (deemed cost), as at the date of transition to Ind AS.

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognised in profit or loss as incurred

Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortized on a straight line basis over the estimated useful economic life. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Notes to consolidated financial statements as at and for the year ended March 31, 2026

2.6 Summary of material accounting policies: (Continued)

Intangible assets comprise acquired computer softwares and are amortised over their estimated useful life as follows.

	Useful lives (years)
Computer Software	2 – 6

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of profit and loss when the asset is derecognized.

(d) Impairment of Non-financial assets:

Assessment for impairment is done at each Balance Sheet date as to whether there is any indication that a non-financial asset may be impaired. Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. Goodwill that arises out of consolidation is tested for impairment at each reporting date. For the purpose of impairment testing, goodwill is allocated to the respective cash generating unit ('CGU'). The impairment loss is recognized if the recoverable amount of the of the CGU is higher than its value in use or fair value less cost to sell. Impairment losses are immediately recognised in the Statement of Profit and Loss.

An impairment loss in respect of goodwill is not subsequently reversed. In respect of other assets for which impairment loss has been recognised in prior periods, the Group reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

(e) Leases:

As a lessee:

The Group has adopted Ind AS 116-Leases effective 1st April, 2019, using the modified retrospective method. The Group has applied the standard to its leases with the cumulative impact recognised on the date of initial application (1st April, 2019).

The Group's lease asset classes primarily consist of leases for Land and Buildings and Plant & Machinery. The Group assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and leases of low value assets. For these short-term and leases of low value assets, the Group recognises the lease payments as an operating expense on a straight line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

Notes to consolidated financial statements as at and for the year ended March 31, 2026

2.6 Summary of material accounting policies: (Continued)

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental

borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The remeasurement normally also adjusts the leased assets. Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

As a lessor:

Assets subject to operating leases are included in property, plant and equipment. Lease income is recognised in the Statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation, are recognised as an expense in the Statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the Statement of profit and loss.

(f) Inventories:

Inventories comprise of traded goods, digital cinema equipment, content cost, consumables and spares which are valued at cost or at net realisable value whichever is lower. Cost of is determined on weighted average basis. Cost includes all costs of purchases, conversion costs and other costs incurred in bringing the inventories to their present location and condition. spares, which do not meet the definition of property, plant and equipment, are accounted as inventories. Net realizable value is the estimated selling price in the ordinary course of business less estimated costs necessary to make the sale.

The comparison of cost and net realisable value is made on an item-by-item basis

(g) Revenue recognition:

The Group is primarily engaged in the business of providing digital cinema service.

The Company has applied Ind AS 115 which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised.

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the company expects to receive in exchange for those products or services.

Income from services and sale of goods

- Content Delivery charges (CDC) / VPF service revenue received from distributors of the films from D-Cinema and E-Cinema is recognized on time proportionate basis in the period in which in which the services are rendered.
- Advertisement income is recognized at the point when advertisements are displayed.
- Digitisation income is recognized at the point when services are rendered.
- Registration fee is charged to new theatres and is recognised at the point when the theatres are registered on the Company's network.
- Revenue from maintenance service fees is recognised on time proportion basis for the period falling in the reporting period
- Revenue from commission and technical service income is recognised at the point when services are rendered.
- Revenue from sale of goods is recognized at the point of transfer of control to buyers (on delivery) and when no uncertainty exists regarding the amount of consideration that will be derived from sale of goods.
- The Company recognises revenues on sale, net of discounts, sales incentives, rebates granted, returns, sales taxes/GST and duties when the services are rendered to the customer.
- Lease rental income on equipment is recognised as mentioned in note 2.8(f) above.

Notes to consolidated financial statements as at and for the year ended March 31, 2026**2.6 Summary of material accounting policies: (Continued)**

- Revenue from distribution of theatrical exhibition rights of films is accounted as per the terms of the assignment which are usually for a fixed tenure and territory. The Company recognizes revenue based on the terms of the respective agreement as and when the film is exhibited. Revenue generally comprises a fixed amount or commission as a fixed percentage of the net box office collection

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any. Revenue also excludes taxes collected from customers.

The Group disaggregates revenue from contracts with customers based on nature of services.

The Group did not earn revenue during the year from individual customer exceeding 10% of total revenue .

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue ("contract liability") is recognised when there is billings in excess of revenues.

Invoices are payable within contractually agreed credit period and none of the contracts include a financing element.

Contracts are subject to modification to account for changes in contract specification and requirements. The Group reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation or transaction price of an existing obligation could undergo a change.

In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

Contract cost

The Group does not incur any cost to obtain or fulfill the contracts with customers.

Interest Income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument to the gross carrying amount of the financial asset.

Other than above, interest income is recognised on the time proportion basis taking into account the amount outstanding and the rate applicable. Interest income is included in finance income in the statement of profit and loss.

Dividends

Dividend income is recognized when the entity's right to receive dividend is established.

(h) Foreign exchange transactions and translation:**Foreign currency transactions and balances**

- **Initial recognition:**

On initial recognition, transactions in foreign currencies entered into by the Group are recorded in the functional currency, by applying to the foreign currency amount, the spot exchange rate between the functional currency and the foreign currency at the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Consolidated Statement of Profit and Loss.

- **Measurement of Foreign currency items at reporting date**

Foreign currency monetary items of the Group are translated at the closing exchange rates. Non-monetary items that are measured at historical cost in a foreign currency, are translated using the exchange rate at the date of the transaction. Non-monetary items that are measured at fair value in a foreign currency, are translated using the exchange rates at the date when the fair value is measured.

Exchange differences arising out of these translations are recognized in the Consolidated Statement of Profit and Loss.

Notes to consolidated financial statements as at and for the year ended March 31, 2026

2.6 Summary of material accounting policies: (Continued)

- **Translation of financial statements of foreign entities**

On consolidation, the assets and liabilities of foreign operations are translated into INR (Indian Rupees) at the exchange rate prevailing at the reporting date and their Statements of profit and loss are translated at exchange rates prevailing at the dates of the transactions. For practical reasons, the Group uses an average rate to translate income and expense items, if the average rate approximates the exchange rates at the dates of the transactions. The exchange differences arising on translation for consolidation are recognised in Consolidated Statement of OCI.

On the disposal of a foreign operation (i.e. a disposal of the Group's entire interest in a foreign operation, a disposal involving loss of control over a subsidiary that includes a foreign operation, or a partial disposal of an interest in a joint arrangement or an associate that includes a foreign operation of which the retained interest

becomes a financial asset), the exchange differences accumulated in equity in respect of that operation attributable to the owners of the Company are reclassified to profit or loss.

(i) **Fair Value Measurement:**

The Group measures financial instruments, such as investments (other than equity investments in Subsidiaries and Associates) at fair value at each balance sheet date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the CFS are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities, that are recognised in the CFS on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for disposal in discontinued operations.

(j) **Financial Instruments:**

Trade receivables are initially recognised when they are originated. All other financial assets and liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument.

Financial assets and liabilities are initially measured at fair value and trade receivables without a significant financing component are initially measured at the transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through

Notes to consolidated financial statements as at and for the year ended March 31, 2026**2.6 Summary of material accounting policies: (Continued)**

profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The subsequent measurement of a financial asset depends on the classification of the asset on the basis of business model for managing such assets and the contractual cash flow characteristics of such asset. These classifications are: -

Amortised cost

fair value through profit and loss (FVTPL)

fair value through other comprehensive income (FVOCI).

Financial assets are not reclassified subsequent to their recognition, except during the period the Company changes its business model for managing financial assets. In case of financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost is recognised in the statement of profit and loss. In other cases, the transaction cost is attributed to the acquisition value of the financial asset.

Cash and cash equivalents

The Group considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

The Group has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in other comprehensive income.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in statement of profit and loss.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments recognised by the Group are recognised at the proceeds received net of direct issue cost.

Impairment of Financial Assets:

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of each reporting period. In case of trade receivables, the Group follows the simplified approach permitted by Ind AS 109 – Financial

Notes to consolidated financial statements as at and for the year ended March 31, 2026

2.6 Summary of material accounting policies: (Continued)

Instruments - for recognition of impairment loss allowance. The application of simplified approach does not require the Group to track changes in credit risk of trade receivables. The Group calculates the expected credit losses on trade receivables, using a provision matrix on the basis of its historical credit loss experience.

Financial guarantee contracts:

Financial guarantee contracts issued by the group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

De-recognition of Financial Assets:

The Group de-recognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises an associated liability.

On de-recognition of a financial asset, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the Statement of Profit and Loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

De-recognition of Financial Liabilities:

The Group de-recognises financial liabilities when and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability de-recognised and the consideration paid and payable is recognised in Statement of Profit and Loss.

Derivative Financial Instruments:

The Group enters mainly into foreign exchange forward contracts to mitigate the foreign currency exposure risk. Derivatives are initially recognised at fair value at the date the derivative contracts are entered and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in Statement of Profit and Loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in Statement of Profit and Loss depends on the nature of the hedge relationship.

(k) Employee benefits:

Defined contribution plans

The Indian entities make contributions towards provident fund to a defined contribution retirement benefit plan for qualifying employees. In case of provident fund, both the employee and the company make monthly contribution equal to a specified percentage of the covered employee's salary or a fixed monthly contribution. The monthly contribution payable is charged to the Statement of profit and loss as incurred.

Defined benefit plans

The Group provides for gratuity using the Projected Unit Credit method, with actuarial valuations being carried out at each Balance sheet date, based on legislations as enacted as at the Balance sheet date. The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government securities as at the Balance sheet date.

Notes to consolidated financial statements as at and for the year ended March 31, 2026

2.6 Summary of material accounting policies: (Continued)

The Group recognizes the net obligation of a defined benefit plan in its Balance sheet as an asset or liability. Gains or losses through re-measurement of the net defined benefit liability / (asset) are recognized in other comprehensive income. The actual return of portfolio of plan assets, in excess of yields computed by applying the discount rate used to measure the defined benefit obligation are recognized in other comprehensive income. The effects of any plan amendments are recognized in Statement of profit and loss. Past service cost is recognized immediately to the extent that the benefits are already vested or amortized on a straight-line basis over the average period until the benefits become vested.

The gratuity obligation recognized in the Balance sheet represents the present value of the defined benefit obligation as adjusted for unrecognized past service cost and as reduced by the fair value of scheme assets. Any asset resulting from the calculation is limited to the present value of available refunds and reductions in future contributions to the scheme. The gratuity plan is managed by the Life Insurance Corporation of India to which contributions are made by the Group.

Other long-term employee benefits

Long term compensated absences are provided for based on actuarial valuation at year end. Long term compensated absences are provided for based on actuarial valuation at the year end. The actuarial valuation is done as per projected unit credit method. The Company presents the compensated absences as a current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

Short-term employee benefits

Short-term employee benefits are recognized as an expense on accrual basis.

(I) Current income taxes and deferred tax:

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the Group operates. The tax rates and tax laws use to compute the amount are those that are enacted or substantively enacted, at the reporting date. Deferred income taxes reflect the impact of current period timing differences between taxable income and accounting income for the period and reversal of timing differences of earlier periods.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. A Deferred tax assets are recognised for all deductible temporary differences and the carry forward of any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax losses can be utilised, except, when the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

In respect of deductible temporary differences associated with investments in associates and foreign subsidiaries deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets are reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the assets to be recovered.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liability relate to the same taxable entity and the same taxation authority.

Current and deferred taxes are recognised in the Statement of Profit and Loss, except when the same relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax relating to such items are also recognised in other comprehensive income or directly in equity, respectively.

(m) Earnings per share:

Basic EPS is computed by dividing the profit after tax for the year attributable to the equity shareholders by the weighted-average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the period are adjusted for events of bonus issue; bonus element in a rights issue to existing shareholders; share split; and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

Notes to consolidated financial statements as at and for the year ended March 31, 2026

2.6 Summary of material accounting policies: (Continued)

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(n) Share Capital

Equity share

Incremental costs directly attributable to the issue of equity shares are recognised as a deduction from equity. Income tax relating to transaction costs of an equity transaction is accounted for in accordance with Ind AS 12

(o) Provisions and Contingent liabilities:

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability.

Provisions for warranty-related costs are recognised when the product is sold or service provided to the customer. Initial recognition is based on historical experience. The initial estimate of warranty-related costs is revised annually. A present obligation that arises from past events, where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

Claims against the Group, where the possibility of any outflow of resources in settlement is remote, are not disclosed as contingent liabilities.

Contingent Asset

Contingent asset is not recognised in consolidated financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognized.

Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date

(p) Employee share based payment:

Employees of the Group receive remuneration in the form of share-based payments in consideration of the services rendered. Under the equity settled share based payment, the fair value on the grant date of the awards given to employees is recognised as 'employee benefit expenses' with a corresponding increase in equity over the vesting period. The fair value of the options at the grant date is calculated by an independent valuer using Black Scholes model. At the end of each reporting period, apart from the non market vesting condition, the expense is reviewed and adjusted to reflect changes to the level of options expected to vest. When the options are exercised, the Company issues fresh equity shares.

(q) Borrowing cost:

Borrowing cost includes interest expense, amortization of discounts, hedge related cost incurred in connection with foreign currency borrowings, ancillary costs incurred in connection with the arrangement of borrowing of funds and exchange differences, arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

All other borrowing costs other than for acquisition of assets which takes substantial period of time for the intended use are recognized as expense in period in which they are incurred.

Notes to consolidated financial statements as at and for the year ended March 31, 2026**2.6 Summary of material accounting policies: (Continued)****(r) Segment reporting:****Identification of Segments:**

Operating Segments are identified based on monitoring of operating results by the chief operating decision maker (CODM) separately for the purpose of making decision about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss of the Group.

(s) Measurement of earnings before interest, tax, depreciation and amortization (EBITDA):

As permitted by the Guidance Note on Ind AS Schedule III to the Companies Act, 2013, the Group has elected to present EBITDA as a separate line item on the face of the Statement of profit and loss. The Group measures EBITDA on the basis of profit from continuing operations. In EBITDA measurement, the Group does not include depreciation and amortization expense, finance costs, finance income and tax expense.

(t) Standards issued but not yet effective

The Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the current year, MCA notified amendments to Ind AS 1 relating to the classification of liabilities, as current or non-current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants. Amendments to Ind AS 12 relating to International Tax Reform – Pillar Two Model Rules, the amendments provide a temporary mandatory relief from deferred tax accounting for top-up tax and disclose that they have applied the relief. This relief is immediate and applies retrospectively. Amendments to Ind AS 21 relating to the determination of exchange rates where currencies are subject to a lack of exchangeability. The adoption of these amendments did not have a material impact on the financial position, financial performance, or cash flows of the Company for the year ended March 31, 2026.

Standards issued but not yet effective - Ind AS 1 - Presentation of Financial Statements - If a covenant breach occurs on or before the reporting date and the liability becomes payable on demand, it must be classified as current, even if the lender subsequently agrees not to demand repayment. The Group does not have any long-term borrowing with covenants attached, and hence the above amendments will not have any impact on the Group.

The Group performed its annual impairment test for the year ended March 31, 2025, considering its performance and the overall performance of the media industry. Impairment analysis has been performed by considering projections for a period of 5 years, as the Company believes this is to be the most appropriate timescale over which to review and consider annual performances before applying a fixed terminal value multiple to the final year cash flows. The estimated value-in-use computed by management is based on the future cash flows using a 2% annual growth rate for periods subsequent to the forecast period of 5 years and discount rate of 10.5%. An analysis of the sensitivity of the computation to a change in key parameters (revenue forecasts, operating margin, and discount rates), based on reasonable assumptions, did not identify any probable scenario in which the recoverable amount of the Goodwill would decrease below its carrying amount.

29. Gratuity and other post-employment benefit plans (Continued)

The major categories of plan assets as a percentage of the fair value of total plan assets are as follows:

	March 31, 2026	March 31, 2025
Gratuity		
Investments with insurer (Life Insurance Corporation Limited)	100%	100%

The principal assumptions used in determining gratuity as shown below:

	March 31, 2026	March 31, 2025
Discount rate	7.00%	6.55%
Salary Growth	8.00% for the first 1 year, and 5.00% thereafter	5.00%
Employee turnover	13.00%	13.00%
Retirement age (years)	58.00	58.00
Expected returns on assets	8.00%	8.00%
Mortality Rate	100% of IALM 2012-14	100% of IALM 2012-14

The estimates of future salary increases considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The overall expected rate of return on assets is determined based on the market prices prevailing on that date, applicable to the period over which the obligation is to be settled.

A quantitative sensitivity analysis for significant assumptions is shown below:

	March 31, 2026		March 31, 2025	
	Decrease	Increase	Decrease	Increase
Discount rate (-/+1%)	1,744.27	1,592.68	1,585.28	(1,440.25)
Salary Growth (-/+1%)	1,591.11	1,744.60	(1,438.63)	1,438.99
Attrition(-0.50/+0.50%)	1,613.31	1,695.26	1,467.13	(1,529.24)

₹ in lacs

Methods and assumptions used in preparing sensitivity and their limitations: The liability was projected by changing certain assumptions and the total liability post the change in such assumptions have been captured in the table above. These sensitivities are based on change in one single assumption, other assumptions being constant. In practice, scenarios may involve change in several assumptions where the stressed defined obligation may be significantly impacted.

The following payments are expected contributions to the defined benefit plan in future years:

	March 31, 2026	March 31, 2025
Within the next 12 months(next annual reporting period)	1,637.16	1,400.95

₹ in lacs

The weighted average duration of the defined benefit plan obligation at the end of the reporting period is 5 years (March 31, 2025: 5 years)

	March 31, 2026	March 31, 2025
Expected future cash flows (valued on undiscounted basis):		
1 Year	487.10	422.45
2 to 5 years	780.75	676.98
6 to 10 years	645.87	599.37

Total	1,662.86	1,662.86	-	1,662.86	-

The management assessed that cash and bank balances, trade receivables, loans (current), trade payables, borrowings (cash credits and working capital loans) and other financial assets and liabilities (current) approximate their carrying amounts largely due to the short term maturities of these financial instruments.

The management assessed that fair value of non-current loan, long-term borrowing and non-current liabilities approximate their carrying amount since they are carried at amortised cost in these financial statements.

During the reporting year ending March 31, 2026 and March 31, 2025 there was no transfer between financial instruments.

37. Financial Risk Management - Objectives and policies

The Group's financial liabilities comprise mainly of borrowings, trade payables, other payables and Corporate guarantees. The Group's financial assets comprise mainly of investments, cash and cash equivalents, other balances with banks, loans, trade receivables and other receivables.

The Group is exposed to market risk, credit risk and liquidity risk. The Group's Senior Management oversees the management of these risks. The Group's senior management determines the financial risks and the appropriate financial risk governance framework through relevant policies and procedures for the Group. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

1. Market Risk

Market Risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risks: interest rate risk and currency risk. Financial instruments affected by market risk include borrowings, investments and deposits, loans and derivative financial instruments.

a) Interest Rate risk:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the long-term debt obligations with floating interest rates.

The Group manages its interest rate risk by having a portfolio of fixed and variable rate loans and borrowings wherever feasible.

Notes to consolidated financial statements as at and for the year ended March 31, 2026
37. Financial Risk Management - Objectives and policies (Continued)

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of borrowings affected. With all other variables held constant, the Group's profit before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	₹ in lacs			
	Increase effect on profit		Decrease effect on profit	
	March 31, 2026	March 31, 2025	March 31, 2026	March 31, 2025
Borrowings at variable rates	4553.47	4368.58	4553.47	4368.58
Borrowings at fixed rates	330.40	260.30	330.40	260.30
Effect of increase/decrease in floating interest rate by 100 basis points (1%) for term loans	(45.5)	(43.7)	45.5	43.7

The interest rate risk exposure is are at variable rates.

b) Currency Risk:

Currency risk is the risk that the fair value or future cash flows of financial instruments will fluctuate because of the change in foreign currency exchange rates. The majority of the Group's revenue and expense are in Indian Rupees, with the remainder denominated in US Dollars. Management considers currency risk to be low and does not hedge its own currency risks.

The Company regularly evaluates exchange rate exposure arising from foreign currency transactions for taking appropriate actions.

1% increase in foreign exchange rate:	0.41	0.37
1% (decrease) in foreign exchange rate:	(0.41)	(0.37)

2. Credit Risk:

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness as well as concentration of risks of customers on a continuous basis to whom the credit has been granted after obtaining necessary approval for credit.

Financial instruments that are subject to concentration of credit risk principally consist of trade receivables, unbilled revenue, investments, derivative financial instruments, cash and cash equivalents, bank deposits and other financial assets .

Exposure to credit risk:

The carrying amount of financial assets represents the maximum credit exposure. The maximum credit risk exposure to credit risk is ₹ 31,441.46 lacs and ₹ 24,054.36 lacs as at March 31, 2026 and March 31, 2025 respectively as per the table below:

₹ In lacs		
Particulars	March 31, 2026	March 31, 2025
Other Non current financial assets	1,191.54	3,830.07
Current Investments	2,537.74	1,662.86
Trade Receivable	16,213.58	11,540.74
Cash and cash equivalents	1,252.39	1,490.43
Bank balances other than cash and cash equivalents	9,105.65	5,003.37
Loans	7.40	3.55
Other current financial assets	810.05	523.32
Total	31,118.35	24,054.34

Trade receivables and contract assets are typically unsecured and are derived from revenue earned from customers. Credit risk has always been managed by the Group by continuously monitoring the creditworthiness of customers to which the Group grants credit terms in the normal course of business.

Credit risk on cash and cash equivalents is limited as the Group generally invest in deposits with banks with high credit ratings assigned by international credit rating agencies.

Credit risk has always been managed by the Group through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of the customers to which the Company grants credit terms in the normal course of business. The Group uses the expected credit loss model to assess any required allowances; and uses a provision matrix to compute the expected credit loss allowance for trade receivables and unbilled revenues. This matrix takes into account credit reports and other related credit information to the extent available. None of the other financial assets of the Group result in material concentration of credit risk.. No single customer contributes to >10% of sales.

Notes to consolidated financial statements as at and for the year ended March 31, 2026
37. Financial Risk Management - Objectives and policies (Continued)

The Group has also considered the effect of changes, if any, in both counterparty credit risk and own credit risk while assessing risk pertaining to financial assets. The Group continues to believe that there is no impact on such assets.

3. Liquidity risk:

Liquidity risk is the risk that the Group will encounter difficulty in raising funds to meet commitment associated with financial instruments that are settled by delivering cash or another financial assets. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value.

The Group has an established liquidity risk management framework for managing its short term, medium-term and long term funding and liquidity management requirements. The Group's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Group manages the liquidity risk by having adequate amount of credit facilities agreed with banks to ensure that there is sufficient cash to meet all its normal operating commitments in a timely and cost-effective manner.

The table below analyses financial liabilities of the Group into relevant maturity groupings based on the remaining period from the reporting date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows.

INDEPENDENT AUDITORS' REPORT

To the Members of UFO Moviez India Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of UFO Moviez India Limited (the "Company") which comprise the standalone balance sheet as at 31 March 2026, and the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026, and its profit and other comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Revenue recognition	
See Note 22 to standalone financial statements	
The key audit matter	How the matter was addressed in our audit
The Company has recognized advertisement revenue, content delivery charges (CDC), lease rental income, distribution income, digitisation income, registration fee income and sale of products of ₹ 37,224.70 lakhs for the year ended 31 March 2026. We identified these revenue streams as a key audit matter considering – - The Company recognizes revenue primarily from Advertisements, CDC revenue, lease rental income, distribution income, digitisation income, registration fees and sale of products. - The Company uses its automated front-end system for scheduling, tracking and invoicing advertisement and CDC revenues. The revenue from these streams is recognised based on automated playback logs retrieval and rates in the system. Further, processing of advertisement and content with their scheduling are linked to the financial module. Thus, recognition of these revenues is largely dependent on the front-end system and may be susceptible to override of controls.	In relation to recognition of revenue from advertisement revenue, content delivery charges (CDC), lease rental income, distribution income, digitisation income, registration fee income and sale of products, we have: - Assessed the Company's accounting policies relating to revenue recognition by comparing them to applicable accounting standard; - Assessed the appropriateness of revenue recognised based on the agreement with the customer alongwith relevant supporting documents and timing of revenue recognised during the year; - Assessed the design, implementation and operating effectiveness of Company's key internal controls over revenue recognition; - Involved our internal IT specialists, assessed the design, implementation and operating effectiveness of Company's key internal IT controls over the scheduling and billing; - Tested the financial information contained within the module and billing systems, which included system generated reports, recording of revenue, and accrual of revenue at period end; - Detailed testing of samples selected statistically for sales transactions from origination through to the general ledger to ascertain revenue recognised was complete and was recorded in the correct period and at correct value;

Revenue recognition	
See Note 22 to standalone financial statements	
The key audit matter	How the matter was addressed in our audit
- There is a risk of revenue being recognized for goods / services before the goods / services are delivered to the customer or revenue is not recorded in the correct accounting period. - There is presumption of fraud risk with regard to revenue recognition as per the Standards on Auditing. - Also, revenue is one of the key performance indicators of the Company which makes it susceptible to misstatement.	On samples selected statistically, we - (a) gathered understanding of the process by which revenue is determined by the relevant billing system; (b) verified underlying records such as agreement, sales contracts, release orders, invoices, logs for advertisements and content displayed; and (c) verified the underlying documents for the existence of the customers.

Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the board of director's report, but does not include the financial statements and auditor's reports thereon, which we obtained prior to the date of this auditor's report, and the annual report, which is expected to be made available to us after that date.

Our opinion on the standalone financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the relevant laws and regulations.

Management's and Board of Directors' Responsibilities for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of standalone financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. A. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

- b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matter stated in the paragraph 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
 - c. The standalone balance sheet, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flows dealt with by this Report are in agreement with the books of account.
 - d. In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e. On the basis of the written representations received from the directors as on 1 April 2026 and 9 April 2026 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2026 from being appointed as a director in terms of Section 164(2) of the Act.
 - f. the modification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2A(b) above on reporting under Section 143(3)(b) of the Act and paragraph 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
 - g. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- a. The Company has disclosed the impact of pending litigations as at 31 March 2026 on its financial position in its standalone financial statements - Refer Note 35 to the standalone financial statements.
 - b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - c. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - d.
 - (i) The management has represented that, to the best of their knowledge and belief, as disclosed in the Note 47(ix) to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (ii) The management has represented that, to the best of their knowledge and belief, as disclosed in the Note 47(x) to the standalone financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.
 - e. The Company has neither declared nor paid any dividend during the year.
 - f. Based on our examination which included test checks, except for the instance mentioned below, the Company has used accounting softwares for maintaining its books of account, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective softwares:
 - The feature of recording audit trail (edit log) facility was not enabled at the database level to log any direct data changes for one accounting software used for recording distribution revenue.

Further, for the periods where audit trail (edit log) facility was enabled and operated, we did not come across any instance of the audit trail feature being tampered with during the course of our audit. Additionally, where audit trail (edit log) facility was enabled and operated in the previous years, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid/payable by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act read with Schedule V of the Act and as approved by the shareholders through special resolution. The remuneration paid/payable to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) The requirements as stipulated by the provisions of Section 135 are not applicable to the Company for the year. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable. According to the information and explanations given to us and based on our audit procedures, there is no unspent amount under sub-section (5) of Section 135 of the Act pursuant to any project.

Annexure B to the Independent Auditor's Report on the standalone financial statements of UFO Moviez India Limited for the year ended 31 March 2026

Report on the internal financial controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of UFO Moviez India Limited ("the Company") as of 31 March 2026 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2026, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes to standalone financial statements as at and for the year ended March 31, 2026**1. Corporate information**

UFO Moviez India Limited ('the Company') is a public company domiciled in India and incorporated under the provisions of the Companies Act applicable in India on June 14, 2004. The registered office is located at Valuable Techno Park, Plot No. 53/1, Road No.7, MIDC, Marol, Andheri (East), Mumbai - 400093. The equity shares of the Company are listed on the Bombay Stock Exchange (BSE), India and the National Stock Exchange (NSE), India. The Company is in the business of providing digital cinema services.

2. Basis of preparation, measurement and material accounting policies**Statement of Compliance**

The standalone financial statements ("SFS") of the Company are prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter as notified under Section 133 of the Companies Act, 2013 ('the Act'), the relevant provisions of the Act and guidelines issued by the Securities and Exchange Board of India (SEBI), as applicable, and were authorised for issue in accordance with a resolution of the Board of directors on May 21, 2026.

The SFS have been prepared on accrual and going concern basis. The accounting policies are consistently applied.

These SFS have been prepared on historical cost basis, except for certain financial instruments which are measured at fair value at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The standalone financial statements are presented in Indian Rupees ('₹') which is the functional currency of the Company. All amount has been rounded to nearest lakhs, unless otherwise stated.

Current and non-current

The Company classifies an asset as current asset when:

- it expects to realise the asset, or intends to sell or consume it, in its normal operating cycle;
- it holds the asset primarily for the purpose of trading;
- it expects to realise the asset within twelve months after the reporting period; or
- the asset is cash or a cash equivalent unless the asset is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when –

- it expects to settle the liability in its normal operating cycle;
- it holds the liability primarily for the purpose of trading;
- the liability is due to be settled within twelve months after the reporting period; or
- it does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. The Companies normal operating cycle is twelve months

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

Notes to standalone financial statements as at and for the year ended March 31, 2026

Basis of measurement

These standalone financial statements have been prepared under the historical cost basis except for the following items, which are measured on an alternative basis on each reporting date.

Items Basis	Measurement
Non derivative financial instruments at FVTPL	Fair Value
Net defined benefit (asset)/ liability	Fair Value of plan assets less the present value of the defined benefit obligation, limited as explained in Note 30

2.3 Use of Judgements, Estimates and Assumptions

The preparation of SFS, in conformity with the Ind AS, requires management to make judgements, estimates and assumptions to be made, that affect the reported amounts of assets and liabilities on the date of the SFS, the reported amounts of revenues and expenses during the reporting period and the disclosures relating to contingent liabilities as of the date of the SFS. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in outcomes different from the estimates. Difference between actual results and estimates are recognised in the period in which the results are known or materialise. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognised prospectively in the current and future periods.

(i) Judgements

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognized in the financial statements is included in the following notes:

- **Evaluation of satisfaction of performance obligation for revenue recognition.**

The Company determines whether the party of a contract is acting as principal or agent for the services that are sold through them. The Company ascertain the same based on the criteria such as who is the primary obligor under the contract, who has the discretion in pricing, who bears the inventory and credit risk.

- **Leases**

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgment in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease

In the process of applying the Company's accounting policies, the management makes judgments, which have the most significant effect on the amounts recognised in the SFS.

- **Recognition of deferred tax assets.**

Deferred tax assets are recognised to the extent that it is reasonable that future taxable profit will be available, against which the losses can be utilized. In assessing the probability, the Company considers whether the entity has sufficient taxable temporary differences, which will result in taxable amounts against which the unused tax losses or unused tax credits can be utilized before they expire. Significant estimate is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

(ii) Estimates and Assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of asset and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the SFS were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

- **Useful Lives of Property, Plant and Equipment**

The Company uses its technical expertise along with historical and industry trends for determining the economic life of an asset/component of an asset. The useful lives are reviewed by the management periodically and revised, if appropriate. In case of a revision, the unamortised depreciable amount is charged over the remaining useful life of the assets.

- **Defined Benefit Obligation**

The cost of the defined benefit obligation and the present value of the obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

- **Recognition and Measurement of Provisions and Contingencies**

The Company estimates the provision that have present obligation as a result of past events and it is probable that outflow of resources will be required to settle obligation.

The Company recognises contingent liability based on estimated possible obligation that arises from past events whose existence is confirmed on occurrence or non-occurrence of events.

- **Fair Value Measurement of Financial Instruments**

Measurement of expected credit loss allowance for trade and finance receivables, loans and contract assets: key assumptions in determining the weighted-average loss rate.

- **Note 2A(c),3.2 and 3.3: Impairment of goodwill and other intangibles assets**

2A: Material Accounting Policies

(a) Property, Plant and Equipment (PPE)

PPE are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises the purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for its intended use. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives.

Items of stores and spares that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful life. Otherwise, such items are classified as inventories.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance costs are charged to the Statement of Profit and Loss during the period in which they are incurred

PPE, which are not ready for, intend use as on the Balance Sheet are disclosed as "Capital work in progress" and are stated at cost.

Gains or losses arising from derecognition of a PPE are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of profit and loss when the asset is de-recognised.

Notes to standalone financial statements as at and for the year ended March 31, 2026

(b) Depreciation on PPE

Depreciation is the systematic allocation of the depreciable amount of an asset over its useful life and is provided on a straight-line basis over the useful lives as prescribed in Schedule II of the Act, or as per the internal technical evaluation carried out by the management. The identified components are depreciated over their useful lives; the remaining asset is depreciated over the life of the principal asset. When significant parts of PPE are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives.

The depreciation on additions / (disposals) is provided on a pro-rata basis i.e. from / (upto) the date on which assets is ready for use / (disposal off).

The useful life of PPE is the period over which PPE is expected to be available for use by the Company.

The Company has used the following useful lives to provide depreciation on its property, plant and equipment:

	Useful lives (years)	Useful live as per the Companies Act (years)
Exhibition equipment	7-10	15
Plant and equipments	4-6	15
Computers	3	3
Furniture and Fixtures	6	10
Office equipments	5	5
Vehicles	5	8

Except computer and office equipment, useful lives of above PPE are different from those prescribed under Schedule II. These rates are based on evaluation of useful life by internal technical expert.

The residual values, useful lives and methods of deprecation are reviewed at each financial year end and adjusted prospectively, if appropriate.

Leasehold improvements are amortised on a straight-line basis over the period of lease or over a period of 4 years, whichever is lower.

Assets costing less than ₹ 5,000/- are depreciated at 100% in the year of acquisition.

(c) Goodwill, Intangible assets and amortisation

Goodwill represents the cost of acquired business as established at the date of acquisition of the business in excess of the acquirer's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities less accumulated impairment losses, if any.

Goodwill is not amortized but is tested for impairment annually or when events or circumstances indicate that the implied fair value of goodwill is less than its carrying amount.

CGUs to which goodwill has been allocated are tested for impairment annually, or more frequently when there is indication for impairment. If the recoverable amount of a CGU is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit on a pro-rata basis of the carrying amount of each asset in the unit.

Intangible assets acquired separately are measured on initial recognition at cost. Intangible assets acquired in a business combination are recognised at fair value at the acquisition date.

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognised in profit or loss as incurred.

Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortized on a straight line basis over the estimated useful economic life. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Notes to standalone financial statements as at and for the year ended March 31, 2026

Goodwill, Intangible assets and amortization (continued)

	Useful life (years)
Computer Software	6
Customer contract	5
Non-compete	10

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of profit and loss when the asset is de-recognised.

(d) Impairment of non-financial assets

Assessment for impairment is done at each Balance Sheet date as to whether there is any indication that a non-financial asset may be impaired. Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing off the asset. The value in use calculation is based on a DCF model. The impairment loss is recognised if the recoverable amount of the CGU is higher than its value in use or fair value less cost to sell. Impairment losses are immediately recognised in the Statement of Profit and Loss. Goodwill is tested annually for impairment.

An impairment loss in respect of goodwill is not subsequently reversed. In respect of other assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

For impairment testing, assets are group together into the smallest group of assets that generate cash inflows from continuing use that are largely independent of the cash inflows of the other assets or CGUs. Goodwill arising from business combination is allocated to CGUs or group of CGUs that expected to benefit from the synergies of the combination.

(e) Leases

Where the Company is the lessee

The Company has adopted Ind AS 116-Leases effective April 1, 2019, using the modified retrospective method. The Company has applied the standard to its leases with the cumulative impact recognised on the date of initial application (April 1, 2019). Accordingly, previous period information has not been restated.

The Company's lease asset classes primarily consist of leases for Land and Buildings and Plant & Machinery. The Company assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and leases of low value assets. For these short-term and leases of low value assets, the Company recognises the lease payments as an operating expense on a straight line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any.

Notes to standalone financial statements as at and for the year ended March 31, 2026

(e) Leases (Contd.)

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made. The Company determines its incremental borrowing rate by obtaining interest rates from various external financing sources and makes certain adjustment to reflect the terms of the lease and type of the assets leased.

A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The remeasurement normally also adjusts the leased assets. Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Where the Company is the lessor

Assets subject to operating leases are included in property plant and equipment. Lease income is recognised in the Statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation are recognised as an expense in the Statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the Statement of profit and loss.

(f) Inventories

Inventories comprise of traded goods, stores digital cinema equipment, content cost and consumables and spares, which are valued at, cost or at net realisable value whichever is lower. Cost of traded goods, stores and spares is determined on weighted average basis. Cost includes all costs of purchases, conversion costs and other costs incurred in bringing the inventories to their present location and condition. Stores and Spares, which do not meet the definition of property, plant and equipment, are accounted as inventories. Net realizable value is the estimated selling price in the ordinary course of business less estimated costs necessary to make the sale.

The comparison of cost and net realisable value is made on an item-by-item basis.

(g) Revenue recognition

The Company is primarily engaged in the business of providing digital cinema services.

The Company has applied Ind AS 115, which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised. The Company has adopted Ind AS 115 using the cumulative effect method.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the company expects to receive in exchange for those products or services.

Income from services and the sale of goods

- Content Delivery Charges (CDC) / VPF Service Revenue received from distributors of the films from D-Cinema and E-Cinema is recognized on time proportionate basis in the period in which the services are rendered.
- Advertisement income is recognised at the point when advertisements are displayed.
- Digitisation income is recognized at the point when services are rendered.
- Registration fee is charged to new theatres and is recognised at the point when the theatres are registered on the Company's network.
- Revenue from maintenance service fees is recognised on time proportion basis for the period falling in the reporting period.
- Revenue from commission and technical service income is recognised at the point when in period in which services are rendered.
- Revenue from sale of goods is recognized at the point of upon transfer of control to buyers and when no uncertainty exists regarding the amount of consideration that will be derived from sale of goods.

Notes to standalone financial statements as at and for the year ended March 31, 2026**(g) Revenue recognition (Contd.)**

- The Company recognises revenues on sale, net of discounts, sales incentives, rebates granted, returns, sales taxes/GST and duties when the services are rendered to the customer.
- Lease rental income on equipment is recognised as mentioned in note 2A (e) above
- The Company acquires rights for theatrical exhibition of films, which are usually for a fixed tenure and territory. The Company recognises revenue based on the terms of the respective agreement as and when the film is exhibited. Revenue generally comprises a fixed amount or fees as a fixed percentage of the net box office collection.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, and price concessions, if any. Revenue also excludes taxes collected from customers.

The Company disaggregates revenue from contracts with customers based on the nature of services. Contract assets are recognised when there is an excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only the act of invoicing is pending) when there is an unconditional right to receive cash, and only the passage of time is required, as per contractual terms.

Unearned and deferred revenue ("contract liability") is recognised when there is billings in excess of revenues.

Invoices are payable within the contractually agreed credit period, and none of the contracts include a financing element.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation or transaction price of an existing obligation could undergo a change.

In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for during the period in which such revision is occurred.

Contract Cost

The Company does not incur any cost to obtain or fulfill the contracts with customers.

Interest Income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument to the gross carrying amount of the financial asset.

Other than above, interest income is recognised on the time proportion basis taking into account the amount outstanding and the rate applicable. Interest income is included in finance income in the statement of profit and loss.

Dividends

Dividend income is recognised when the Company right to receive dividend is established.

(h) Foreign currency transaction

Foreign currency transactions and balances

(i) Initial recognition

Functional currency of the Company is INR.

On initial recognition, transactions in foreign currencies entered into by the Company are recorded in the functional currency, by applying to the foreign currency amount, the spot exchange rate between the functional currency and the foreign currency at the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the Statement of Profit and Loss.

(ii) Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

Notes to standalone financial statements as at and for the year ended March 31, 2026

(h) Foreign currency transaction(Contd.)

(iii) Exchange differences

Exchange differences arising on the settlement of monetary items or on translation of such monetary items of Company at rates different from those at which they were initially recorded during the year or reported in previous financial statements, are recognised as income or as expenses in the year in which they arise.

(i) Financial Instruments

Trade receivables are initially recognised when they are originated. All other financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument.

Financial assets and liabilities are initially measured at fair value and, trade receivables without a significant financing component are initially measured at the transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The subsequent measurement of a financial asset depends on the classification of the asset on the basis of business model for managing such assets and the contractual cash flow characteristics of such asset. These classifications are:

Amortised cost

Fair value through profit and loss (FVTPL)

Fair value through other comprehensive income (FVOCI).

Financial assets are not reclassified subsequent to their recognition, except during the period the Company changes its business model for managing financial assets. In case of financial assets, which are recognised at fair value through profit and loss (FVTPL), its transaction cost is recognised in the statement of profit and loss. In other cases, the transaction cost is attributed to the acquisition value of the financial asset.

Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks, which are unrestricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

The Company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in other comprehensive income.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in statement of profit and loss.

Notes to standalone financial statements as at and for the year ended March 31, 2026**(i) Financial Instruments (Contd.)****Financial liabilities**

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received net of direct issue cost.

Impairment of Financial Assets

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of each reporting period. In case of trade receivables, the Company follows the simplified approach permitted by Ind AS 109 – Financial Instruments - for recognition of impairment loss allowance. The application of simplified approach does not require the Company to track changes in credit risk of trade receivables. The Company calculates the expected credit losses on trade receivables, using a provision matrix on the basis of its historical credit loss experience.

For all other financial assets, expected credit losses are measured at an amount equal to the 12-months expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

De-recognition of Financial Assets

The Company de-recognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay.

On de-recognition of a financial asset, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the Statement of Profit and Loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

De-recognition of Financial Liabilities

The Company de-recognises financial liabilities when and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability de-recognised and the consideration paid and payable is recognised in Statement of Profit and Loss.

Derivative Financial Instruments

The Company enters mainly into foreign exchange forward contracts to mitigate the foreign currency exposure risk. Derivatives are initially recognised at fair value at the date the derivative contracts are entered and are subsequently re-measured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in Statement of Profit and Loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in Statement of Profit and Loss depends on the nature of the hedge relationship.

Equity Investments

All investments in equity instruments classified under financial assets are initially measured at fair value; the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL.

Notes to standalone financial statements as at and for the year ended March 31, 2026

(i) Financial Instruments (Contd.)

The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised as 'other income' in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends and on an equity instrument measured at FVOCI, are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Statement of Profit and Loss.

(j) Fair Value Measurement

The Company measures financial instruments, such as investments (other than equity investments in Subsidiaries and Associates) at fair value at each Balance sheet date. . The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or

In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities, that are recognised in the Financial Statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for disposal in discontinued operations.

(k) Employee benefits

Defined contribution plans

The Company makes contribution towards government administered provident fund to a defined contribution retirement benefit plan for qualifying employees. In case of provident fund, both the employee and the Company make monthly contribution equal to a specified percentage of the covered employee's salary or a fixed monthly contribution. The monthly contribution payable by the Company is charged to the Statement of profit and loss as incurred.

Defined benefit plans

The Company provides for gratuity using the Projected Unit Credit method, with actuarial valuations being carried out at each Balance sheet date, based on legislations as enacted as at the Balance sheet date. The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government securities as at the Balance sheet date.

Notes to standalone financial statements as at and for the year ended March 31, 2026

(k) Employee benefits (Contd.)

The Company recognizes the net obligation of a defined benefit plan in its Balance sheet as an asset or liability. Gains or losses through re-measurement of the net defined benefit liability / (asset) are recognised in other comprehensive income. The actual return of portfolio of plan assets, in excess of yields computed by applying the discount rate used to measure the defined benefit obligation are recognised in other comprehensive income. The effects of any plan amendments are recognised in statement of profit and loss. Past service cost is recognised immediately to the extent that the benefits are already vested. The Company has made provision based on wages as per new Labour Codes.

The gratuity obligation recognised in the Balance sheet represents the present value of the defined benefit obligation as adjusted for un-recognised past service cost and as reduced by the fair value of scheme assets. Any asset resulting from the calculation is limited to the present value of available refunds and reductions in future contributions to the scheme. The gratuity plan is managed by a Life Insurance Corporation of India to which contributions are made by the Company.

Other long-term employee benefits

Long term compensated absences are provided for based on actuarial valuation at year end. The actuarial valuation is done as per projected unit credit method. The Company presents the compensated absences as a current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

Short-term employee benefits

Short-term employee benefits are recognised as an expense on accrual basis.

(l) Current tax and deferred tax

Tax expense comprises of current and deferred tax.

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income tax Act, 1961. The tax rates and tax laws use to compute the amount are those that are enacted or substantively enacted, at the reporting date. Deferred income taxes reflect the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised for all deductible temporary differences and the carry forward of any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax losses can be utilised, except when the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the assets to be recovered.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the same taxable entity and the same taxation authority.

Current and deferred taxes are recognised in the Statement of Profit and Loss, except when the same relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax relating to such items are also recognised in other comprehensive income or directly in equity, respectively.

Earnings per share (EPS)

Basic EPS is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for events of bonus issue; bonus element in a rights issue to existing shareholders; share split; and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Notes to standalone financial statements as at and for the year ended March 31, 2026

(m) Share capital

Equity shares Incremental costs directly attributable to the issue of equity shares are recognised as a deduction from equity. Income tax relating to transaction costs of an equity transaction is accounted for in accordance with Ind AS 12.

(n) Provisions and Contingent liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date.

Provisions for warranty-related costs are recognised when the product is sold or service provided to the customer. A present obligation that arises from past events, where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Claims against the Company, where the possibility of any outflow of resources in settlement is remote, are not disclosed as contingent liabilities.

Contingent Asset

Contingent asset is not recognised in standalone financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognized.

Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date

(o) Employee share based payment

The employees of the company and its subsidiary receive remuneration in the form of share-based payments in consideration of the services rendered. Under the equity settled share based payment, the fair value on the grant date of the awards given to employees is recognised as 'employee benefit expenses' with a corresponding increase in equity over the vesting period. The fair value of the options at the grant date is calculated by an independent valuer using Black Scholes Model. At the end of each reporting period, apart from the non-market vesting condition, the expense is reviewed and adjusted to reflect changes to the level of options expected to vest. When the options are exercised, the Company issues fresh equity shares.

(p) Borrowing cost

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

(q) Segment reporting

The Company has presented segment information in the consolidated financial statements, which are presented in the same financial report. Accordingly, in terms of Paragraph 4 of Ind AS 108 'Operating Segments', no disclosures related to segments are presented in these standalone financial statements.

(r) Measurement of earnings before interest, tax, depreciation and amortization (EBITDA)

As per Guidance Note on Division II- Ind AS Schedule III to the Companies Act, 2013, the Company has elected to present earnings before interest, tax, depreciation and amortization (EBITDA) as a separate line item on the face of the Statement of profit and loss. The Company measures EBITDA on the basis of profit from continuing operations. In its measurement, the Company does not include depreciation and amortization expense, finance costs, finance income and tax expense.

Notes to standalone financial statements as at and for the year ended March 31, 2026**(r) Measurement of earnings before interest, tax, depreciation and amortization (EBITDA) (Contd.)**

Over the last two years, the Company has seen business returning back to normal post the Covid period and has started utilizing the deferred tax asset from the last quarter of the financial year ended 31 March 2023. Therefore, management continues to consider it probable that future taxable profits would be available against which the tax losses can be recovered and the related deferred tax asset can be realised.

The Company invoices its customer based upon contractual billing schedules. Accounts receivable are recorded when the right to consideration becomes unconditional. Invoices are generally payable when raised. Contract assets includes amounts related to our contractual right to consideration for completed performance objectives not yet invoiced and deferred contract acquisition costs, which are amortized along with the associated revenue. Contract liabilities include payments received in advance of performance under the contract, and are realized with the associated revenue recognized under the contract.

(s) Standards issued but not yet effective

The Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the current year, MCA notified amendments to Ind AS 1 relating to the classification of liabilities, as current or non-current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants. Amendments to Ind AS 12 relating to International Tax Reform – Pillar Two Model Rules, the amendments provide a temporary mandatory relief from deferred tax accounting for top-up tax and disclose that they have applied the relief. This relief is immediate and applies retrospectively. Amendments to Ind AS 21 relating to the determination of exchange rates where currencies are subject to a lack of exchangeability. The adoption of these amendments did not have a material impact on the financial position, financial performance, or cash flows of the Company for the year ended March 31, 2026.

Standards issued but not yet effective - Ind AS 1 - Presentation of Financial Statements - If a covenant breach occurs on or before the reporting date and the liability becomes payable on demand, it must be classified as current, even if the lender subsequently agrees not to demand repayment. The Company does not have any long-term borrowing with covenants attached, and hence the above amendments will not have any impact on the Company.

- b) The Company is principally engaged in the business of exhibition of digital cinema. The carrying amount of goodwill as at March 31, 2026 is ₹ 2,907.22 lacs (March 31, 2025 : ₹ 2,907.22 lacs)

The Company has performed annual impairment assessment for the year ended March 31, 2026. The Company has considered its entire business as one cash generating unit for goodwill impairment assessment on account of synergies in various businesses. In the current year, the Company has met its budgets, there are no impairment indicators observed on the CGU, accordingly the company has relied on estimated value in use computed by management in previous financial year based on the assumptions using projections for a period of 5 years, as the Company believes this is to be the most appropriate timescale over which to review and consider annual performances before applying a fixed terminal value multiple to the final year cash flows. The estimated value-in-use computed by management is based on the future cash flows using a 2% annual growth rate for periods subsequent to the forecast period of 5 years and discount rate of 10.5%. An analysis of the sensitivity of the computation to a change in key parameters (revenue forecasts, operating margin, and discount rates), based on reasonable assumptions, did not identify any probable scenario in which the recoverable amount of the Goodwill would decrease below its carrying amount.

The principal assumptions used in determining gratuity are as shown below:

Particulars	March 31, 2026	March 31, 2025
Discount rate	7.00%	6.55%
Future Salary increase	8.00% for the first 1 year, and 5.00% thereafter	5.00%
Employee turnover	13.00%	13.00%
Retirement age (years)	58	58
Expected returns on assets	8.00%	8.00%
Mortality rate	100% of IALM 2012-14	100% of IALM 2012-14

The estimates of future salary increase considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The overall expected rate of return on assets is determined based on the market prices prevailing on that date, applicable to the period over which the obligation is to be settled.

A quantitative sensitivity analysis for the significant assumption is shown below

₹ in lacs

Particulars	DBO	DBO
	March 31, 2026	March 31, 2025
Discount rate (-1%)	1,741.67	1,582.51
Discount rate (+1%)	(1,590.39)	(1,437.83)
Salary growth rate (-1%)	(1,588.82)	(1,436.22)
Salary growth rate (+1%)	1,741.99	1,582.92
Attrition rate (-0.5%)	1,610.95	1,467.13
Attrition rate (+0.5%)	(1,692.81)	(1,529.24)

Methods and assumptions used in preparing sensitivity and their limitations: The liability was projected by changing certain assumptions and the total liability post the change in such assumptions have been captured in the table above. These sensitivities are based on change in one single assumption, other assumptions being constant.

38. Financial risk management / objectives and policies

The Company's financial liabilities comprise mainly of borrowings, trade payables, other payables and Corporate guarantees. The Company's financial assets comprise mainly of investments, cash and cash equivalents, other balances with banks, loans, trade receivables and other receivables.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's Board of Directors oversees the management of these risks. The Company's Board of Directors determines the financial risks and the appropriate financial risk governance framework through relevant policies and procedures for the Company. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

1. Market risk

Market Risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risks: interest rate risk and currency risk. Financial instruments affected by market risk include borrowings, investments and deposits, loans and derivative financial instruments.

a) Interest rate risk :

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the long-term debt obligations with floating interest rates. The Company manages its interest rate risk by having a portfolio of fixed and variable rate loans and borrowings wherever feasible.

The following table demonstrates the sensitivity to a reasonably possible change in floating rate of interest on borrowings. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	₹ in lacs			
	Increase effect on profit		Decrease effect on profit	
	March 31, 2026	March 31, 2025	March 31, 2026	March 31, 2025
Borrowings at variable rates	4,553.48	4,368.58	4,553.48	4,368.58
Borrowings at fixed rates	288.70	225.89	288.70	225.89
Effect on profit of increase / decrease in floating interest rate by 100 basis points (1%) for term loans	(45.53)	(43.69)	45.53	43.69

The interest rate risk exposure is at variable rates.

b) Currency risk

Currency risk is the risk that the fair value or future cash flows of financial instruments will fluctuate because of the change in foreign currency exchange rates. The majority of the Company's revenue and expense are in Indian Rupees, with the remainder denominated in US Dollars. Management considers currency risk to be low and does not hedge its own currency risks.

Notes to standalone financial statements as at and for the year ended March 31, 2026

The Company regularly evaluates exchange rate exposure arising from foreign currency transactions for taking appropriate actions.

	₹ in lacs

Net balance sheet exposure		
INR	41.26	37.36
USD	43,752.00	43,682.78

The following tables demonstrate the sensitivity to a reasonably possible change in USD exchange rates, with all other variables held constant. The impact on the Company's profit before tax due to changes in the fair value of monetary assets and liabilities:

	₹ in lacs	
Particulars	March 31, 2026	March 31, 2025
	Impact on profit - Increase / (decrease)	
1% increase in foreign exchange rate :	41.68	37.73
1% (decrease) in foreign exchange rate:	40.85	36.99

2. Credit risk :

The risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limit and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approval for credit. The Company majorly operates locally and hence Company's exposure on credit risk from receivable's in different geographies is not significant.

Financial instruments that are subject to concentration of credit risk principally consist of trade receivables, unbilled revenue, loan to subsidiary, investments, cash and cash equivalents, bank deposits and other financial assets .

Exposure to credit risk:

The carrying amount of financial assets represents the maximum credit exposure. The maximum credit risk exposure to credit risk was ₹ 21,556.26 lacs and ₹ 20,666.33 lacs as at March 31, 2026 and March 31, 2025 respectively as per the table below.

	₹ in lacs	
Particulars	March 31, 2026	March 31, 2025
Investments	2,537.74	1,662.86
Trade receivables	9,295.90	7,736.98

Other financial assets	1,502.56	4,331.77
Total	21,556.26	20,666.33

Notes to standalone financial statements as at and for the year ended March 31, 2026

Trade receivables and unbilled revenue are typically unsecured and are derived from revenue earned from customers. Credit risk has always been managed by the Company by continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business. Credit risk on cash and cash equivalents is limited as the Company generally invest in deposits with banks with high credit ratings assigned by international credit rating agencies.

Credit risk has always been managed by the Company through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of the customers to which the Company grants credit terms in the normal course of business. The Company uses the expected credit loss model to assess any required allowances; and uses a provision matrix to compute the expected credit loss allowance for trade receivables and unbilled revenues. This matrix takes into account credit reports and other related credit information to the extent available. None of the other financial assets of the Company result in material concentration of credit risk. No single customer contributes to > 10% of sales.

The Company has also considered the effect of changes, if any, in both counterparty credit risk and own credit risk while assessing risk pertaining to financial assets. The Company continues to believe that there is no impact on such assets.

Reversal during the year	(22.11)	(6.02)
Balance at the end of the year	2,200.83	2,043.96

3. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in raising funds to meet commitment associated with financial instruments that are settled by delivering cash or another financial assets. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value.

The Company has an established liquidity risk management framework for managing its short term, medium term and long term funding and liquidity management requirements. The Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Company manages the liquidity risk by having adequate amount of credit facilities agreed with banks to ensure that there is sufficient cash to meet all its normal operating commitments in a timely and cost effective manner.

The table below analyses financial liabilities of the Company into relevant maturity groupings based on the remaining period from the reporting date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows.
